EXPLORING ROCKET SCIENCE AND FASHION DESIGN

12- 3pm, June 11, 12, & 15

Are you ready for an adventure that's out of this world? Join us for an exhilarating 3 day workshop where you get to dive into the thrilling worlds of Rocket Science and Functional Fashion Design through the power of Deconstruction, Process and Creation! This program offers an exciting mix of learning and fun. Come join us and let your imagination take flight with we.grow.eco!

CIRCUS!

1-4pm, June 11-15

Have you ever seen "Cirque du Soleil" or a person riding by on a unicycle and thought "whoaaaaaaaa that's cool, where do I learn?" or "that's so cool, but I could never do that!". **Wise Fool** is here to tell you that you can! This week, anyone of any experience level will learn the basics and beyond of over 15 different circus disciplines with fun, experienced coaches who are all circus professionals, including 2 field trips. There's something for everyone in the circus, come see where you fit in!

ACADEMY FOR THE LOVE OF LEARNING

5-7:15pm, June 18-21

Join the Love of Learning Youth Board for a series of fun community conversations about young people's needs in Santa Fe. We will create art, tie-dye, and chocolate molds as we discuss how young people can support their communities and develop youth-led gathering spaces. We are excited to meet you and learn from you!

THE ART OF PAPER & ZINE MAKING

12 - 3pm, June 18, 19, & 22

Hey family! Are you ready for a unique and creative experience? Join us local artist and Environmental Activist Chauncey Foster at we.grow.eco for a special visit to his community creative space in Santa Fe for an exclusive peek into the process of turning textile waste into stunning handmade paper. Over three exciting days, you'll get hands-on experience making your own paper and unleash your creativity by crafting a materialized collaborative and personal artistic expression using the paper you've created.

DINOSAURS, KAYAKS, CANOES, OH MY!

12-4:30pm June 26 &
12-7:30pm June 28

On Day 1, join Ghost Ranch staff at the Teen Center for dinosaur activities. Find out why New Mexico's state dinosaur, coelophysis, is one of the most important fossil finds in the world! Then, on Day 2, get ready to dip your paddles into a lake full of adventure while soaking up the beauty and geology of Ghost Ranch and explore Abiquiu Lake on a field trip.

COMMUNITY IMPACT: EXPLORING SANTA FE'S HEARTBEAT

12-3pm, June 25, 26, & 29

Join us for a dynamic 3-day program where you get to choose your adventure! Explore the heart of our community by visiting key organizations like the Reunity Resources Community Farm, where you'll learn about sustainable farming and environmental stewardship. Dive into creativity at the we.grow.eco space, where you'll discover the art of upcycling and eco-friendly practices. Plus, get ready for an exciting surprise visit to another vital community hub! Don't miss this chance to learn, engage, and make a difference in Santa Fe!

JULY

2024

**WEEK
OF JULY
1**

IGNITE YOUR LEADERSHIP: A 3-DAY JOURNEY

12-3pm, July 2, 3, & 6th

Ready to step into your leadership potential and make a difference? Join we.grow.eco in our 3 day Leadership and Professional Development Course where you'll discover the leader within you! In this dynamic program, you'll tackle exciting challenges designed to ignite your leadership skills and inspire positive change. During the course we will create a series of challenges to introduce the qualities of leadership. Sign up now and let's embark on this empowering journey together!

CAPTURE THE SUN, ART AND NATURE EXPLORATION

1-3:30 pm, July 2 & 5

12-4 pm, July 3

Join NM Museum of Art as we play with light and nature. Create a work of art based on shadows we find in nature, create beautiful sun prints, and use what you learn to make your own mini accordion sketch book. Includes a field trip to our museum.

INTRODUCTION TO MEDITATION

1-3pm, July 10-12 & 1-4pm July 13

Meditation = Freedom from the inside out! Do you get stressed, unfocused, overwhelmed by life's challenges? Have you ever wondered about meditation? In this week-long workshop you will learn how meditation can help in everyday life situations and walk away with practices from *IvyArts* that will last you a lifetime.

EXPLORING ROCKET SCIENCE AND FASHION DESIGN

12-3pm, July 9, 10, & 13

Are you ready for an adventure that's out of this world? Join us for an exhilarating 3 day workshop where you get to dive into the thrilling worlds of Rocket Science and Functional Fashion Design through the power of Deconstruction, Process and Creation! This program offers an exciting mix of learning and fun. Come join us and let your imagination take flight with we.grow.eco!

STEAM EXPERIENCE WITH ELECTRONICS AND MUSIC

3-5pm, July 16-19

Want to make a song? What happens when we create our own electronic instruments, record outdoor ambient sounds, and go to the computer lab to put it all together as a musical composition? Using simple materials, we can make beats, create melodies, record our voices, and have a lot of fun! If you don't know anything about music...no problem, there's no right or wrong when we create musical sound!

RAIN GARDENS AND COLLECTIVE ART IN THE COMMUNITY

3:30-7:30pm, July 17-19

(Note, July 18 ends at 6pm)

How can you transform the desert into a beautiful garden? Visit rain gardens around Santa Fe to see the amazing way they capture water and create mini-sanctuaries for plants and animals - even in the middle of a parking lot! We will meet rain garden experts, learn how and where to build them, then get our hands dirty and create a collective, educational art piece to install in a new public rain garden in Santa Fe with the Santa Fe Watershed Association!
