BEES, TREES AND WATER

Welcome to the City of Santa Fe Environmental Services Calendar! This year’s edition is dedicated to Bees, Trees and Water, which are vital to making Santa Fe a thriving, sustainable city for all.

In these pages you will find information and tips on: rebates and incentives for rain water collection, pollinator gardens, recycling, household hazardous waste, and free disposal days!

Download and use the Recycle Coach app to learn how to be a better recycler and get updates about collection schedule changes.

In addition, see inside for more details on our Two on Tuesday anti-litter campaign. Pick up two pieces, two handfuls or two times every Tuesday. Pretty soon it will be a contagious habit that your friends, family and neighbors will participate in too.

Finally, in 2022, we launched a new Sustainability Dashboard at www.santafenm.gov/sustainability where you can see how the City is addressing climate change, conserving water, reducing pollution, and more.

The City offers incentives for using water wisely. In addition to receiving a City rain barrel rebate, reinvesting in a rainwater harvesting system helps to offset outdoor potable water use demand and the energy required to pump it.
