Facade Zones

Facade Zones standards correspond to different thoroughfare environments, and are scaled accordingly. The Facade Zone covers a depth of up to 30 feet from the frontage line (boundary of the adjacent public way). The 5.4.1 Development Standards Regulating Plan defines where each Facade Zones applies.

Applicable Facade Zones:

Plaza (PL) - pg. 126

An active, arcaded streetscape characterized by high pedestrian density and commercial activity. This Facade Zone reinforces the Central Plaza as a gathering point for the neighborhood.

Main Street + MS–Office (MS, MS–O) - pg. 128

A walkable main street environment designed for a mix of housing and workplaces and with a variety of uses at the ground floor.

Live / Work (LW) - pg. 130

Inspired by traditional city streets, this Facade Zone features a pedestrian-oriented passage lined by buildings that combine residences with ground-floor shops and studios.

Neighborhood Residential (NR) - pg. 132

A residential environment with appropriate frontage types facing a landscaped public realm.
