APPLICABILITY; AMENDING SECTION 21-4.3 TO CLARIFY THE CONDITIONS OF
SERVICE FOR RESIDENTIAL COLLECTION; AMENDING SECTION 21-6 TO
CLARIFY CONDITIONS OF SERVICE; AMENDING SECTION 21-7.1 TO CLARIFY
THAT NONRESIDENTIAL ESTABLISHMENTS SHALL PAY A SERVICE RATE; AND
AMENDING *EXHIBIT B* OF SECTION 21 TO INCREASE RATES FOR RESIDENTIAL
CURBSIDE COLLECTION AND FOR COMMERCIAL RECYCLING IN ORDER TO
PURCHASE NECESSARY EQUIPMENT TO TRANSITION THE RESIDENTIAL
RECYCLING PROGRAM FROM MANUAL TO AUTOMATED COLLECTION.**

**Section 1. Subsection 21-2 SFCC 1987 (being Ord. #1996-46 (as amended)) is
amended to read:**

21-2 DEFINITIONS.

21-2.1 Definitions.

As used in this section:

Ashes means residue from the burning of wood, coal, or other combustible materials.

Automated means refuse or recycled material collection by a truck with a hydraulically operated, articulated arm, or cart tipper.

Backyard composting means composting household solid waste in a confined space within personal property boundaries.

Burning means any form of incineration of solid waste.

City means the city of Santa Fe, Santa Fe County, New Mexico.

Collection means the systematic and regular removal of solid waste or recycling from property and its transport to a designated solid waste facility.

Commercial recycling (see "nonresidential recycling").

Commercial solid waste (see "nonresidential solid waste").

Compost means organic matter produced from solid waste which has undergone a controlled process of decomposition and pathogen reduction, and has been stabilized to a degree which is potentially beneficial to plant growth and which is used as a soil amendment, growing medium amendment or other similar uses.

Composting means the process by which compost is created.

Construction and demolition debris (C & D) means non-hazardous, uncontaminated materials resulting from the construction, remodeling, repair, and demolition of structures, utilities, and roads. C & D materials are generally considered water insoluble and non-hazardous and include, but are not limited to: bricks, concrete, and other masonry materials, asphalt, roofing materials, steel, glass, pipe, gypsum wallboard and lumber. C & D debris does not include asbestos, garbage, corrugated container board, electrical fixtures containing hazardous liquids such as fluorescent light ballasts or transformers, fluorescent lights, furniture, appliances, tires, drums, containers greater than ten (10) gallons in size, any containers having more than one inch

(1") of residue remaining on the bottom, fuel tanks, brush and tree remains or other vegetative material from land clearing, uncontaminated soil, rocks, liquids including, but not limited to, waste paints, solvents, sealers, adhesives or potentially hazardous materials. If C & D debris is mixed with any other types of solid waste, whether or not originating from the construction project, it loses its classification as C & D debris.

Container means:

A. City-provided or customer-owned receptacle that is designed for intermediate storage of solid waste and has a secure closing so as to prohibit animal destruction until such time refuse is collected; and

B. City-provided or customer-owned receptacles designed for the intermediate storage of recyclable materials.

Corrugated cardboard (OCC) means wood pulp based Kraft paper material which has two (2) usually smooth exterior layers, with one (1) wavy corrugated interior core, used to make cardboard boxes, shipping containers and packing liners. Also includes brown Kraft paper bags, and paper. Does not include wax-coated cardboard, [~~boxboard~~] cardboard with permanently attached packing materials, or cardboard contaminated with food or oils.

Customer, also user means residential or nonresidential persons who receive solid waste or recycling collection service from the city of Santa Fe.

Day means calendar day unless otherwise described.

Debris means the unwanted or unusable remains of something broken down or destroyed.

Dumping means:

A. Disposing of solid waste or any other discarded material on property within the city which is private including but not limited to privately owned or controlled containers, parking lots and vacant lots;

B. Disposing of solid waste or discarding any other items on a public place or on

1 public property or facility which shall include, but is not limited to, the entire width between the
2 boundary lines of every way publicly maintained for the purpose of vehicular travel or in public
3 containers not intended for that purpose; or

4 C. Allowing refuse to collect or accumulate on any privately-owned lot or other
5 premises within the city of Santa Fe.

6 *Facility* means real estate or buildings used for a particular function.

7 *Finance committee* means the designated standing committee of the governing body.

8 *Garbage* means unwanted or unusable waste products or unused materials to include, but
9 not limited to, food, offal, ashes, waste paper, trash, rubbish, and waste or unwholesome materials
10 generated during the consumption of resources.

11 *Governing body* means the governing body of the city of Santa Fe.

12 *Green waste, including yard waste*, means vegetative or green organic matter resulting
13 from landscaping, land maintenance and land clearing operations, but does not include dirt, rocks,
14 asphalt or concrete chips.

15 *Hazardous waste* means waste which because of its concentration or physical, chemical
16 or infectious characteristics may pose a substantial present or potential hazard to human health or
17 the environment when improperly treated, stored, transported, disposed of or otherwise managed.

18 *Hot waste* means any waste which is on fire or smoldering.

19 *Household hazardous waste (HHW)* means a wide range of household products,
20 including pesticides and herbicides, oil based paints, liquid latex paints, stains and varnishes,
21 automobile fluids (antifreeze, motor oil, transmission, steering and brake fluids, gasoline),
22 batteries (automotive and household), pool chemicals, hobby chemicals, darkroom chemicals,
23 which have the characteristics of hazardous waste when discarded. Federal law specifically
24 exempts household hazardous waste from regulation as hazardous waste because of the point of
25 generation. Because of the hazards posed by these wastes, they should not be placed in with solid

waste for disposal. See special waste.

Household medical waste means household solid waste which, but for its point of generation, would be a regulated medical waste (i.e. used sharps including hypodermic needles, bloody/soiled bandages and dressings, disposable sheets and clothing, medical gloves, dialysis machine filters, etc.).

Infectious waste means regulated medical waste. A limited class of substances that carry a probability risk of transmitting disease to humans, including but not limited to:

A. Microbiological laboratory wastes, including cultures and stocks of infectious agents from clinic research and industrial laboratories, and disposable culture dishes and devices used to transfer, inoculate and mix cultures;

B. Pathological wastes, including human or animal tissues, organs and body parts removed during surgery, autopsy or biopsy;

C. Disposable equipment, instruments, utensils, and other disposable materials which require special precautions because of contamination by highly contagious diseases;

D. Human blood and blood products, including waste blood, blood serum, and plasma;

E. Used sharps, including used hypodermic needles, syringes, scalpel blades, Pasteur pipettes; and

F. Contaminated animal carcasses, body parts and bedding, especially those intentionally exposed to pathogens in research, in the production of biological or in the "in vivo" testing of pharmaceuticals.

Multi-family residential means sixteen (16) or more dwelling units on one (1) lot. A dwelling unit is defined as one (1) room, or rooms connected together, constituting a separate, independent housekeeping establishment for owner occupancy, or rental or lease, and physically

1 separated from any other rooms or dwelling units that may be in the same structure, and
2 containing independent cooking and sleeping facilities.

3 *Non-recyclable material* means items that are not recyclable or recyclables that are not
4 accepted within the city's recycling program including, but not limited to, ceramics, pyrex, plate
5 glass, light bulbs, drinking glasses, clothing, electronics, green waste, styrofoam, food waste,
6 food contaminated materials, or plastic bags~~[& plastic tubs, 1 & 2 non-bottle form plastic, plastic~~
7 ~~#3 thru #7, pots or pans, phone books, cereal boxes, egg cartons, packing materials, cereal boxes,~~
8 ~~wax coated or food stained cardboard]~~, municipal solid waste, sharps, hazardous containers or
9 construction and demolition waste. The city reserves the right to modify this list as part of the
10 city's recycling program.

11 *Nonresidential recyclables*, also *commercial recyclables* means recyclables generated by
12 stores, offices, restaurants, hotels or motels, warehouses, and other manufacturing and non-
13 manufacturing activities; multi-family residential units; places of religious assembly; schools; and
14 government facilities.

15 *Nonresidential solid waste*, also *commercial solid waste* means all types of solid waste
16 generated by, but not limited to: businesses including stores, offices, restaurants, hotels or motels,
17 warehouses, and other manufacturing and non-manufacturing activities; multi-family residential
18 units; places of religious assembly; schools and governmental facilities, excluding household and
19 hazardous solid wastes.

20 *Ordinance* means Chapter XXI of the Santa Fe City Code.

21 *Person* means any individual, partnership, limited partnership, firm, company,
22 corporation, association, joint stock company, trust, estate, governmental entity, or any other legal
23 entity, or their legal representatives, agents or assignees. This definition includes all federal, state
24 or local governmental entities.

25 *Processing* means techniques to change the physical, chemical or biological character or

components of solid waste, which does not include composting.

Prohibited materials means solid wastes listed as special waste by New Mexico Solid Waste Management Regulations 20 NMAC 9.1 700-711; or any items listed herein that can cause operational problems, damage to equipment, health risks to workers, adverse impacts to the environment, or any other solid waste that is listed that are not deemed acceptable for disposal or recycling

A. Asbestos wastes, solid or friable;

B. Ammunition or any items that have the ability to explode or cause injury when run over by heavy equipment and/or when exposed to an ignition source;

C. Animal wastes – horse, cattle and large animal manures and animal bedding mixed with large animal wastes;

D. Automobiles and large automobile parts, automobile or equipment lead-acid batteries, automobile parts containing or that contained fluids or liquids (gasoline tanks). Does not include tire rims that have been removed from tires;

E. Dead animals;

F. Explosives, fireworks, ammunition or any items that have the ability to explode or ignite when exposed to an ignition source;

and oils;

L. Petroleum or chemically contaminated soils;

M. Pressurized cylinders;

N. Radioactive waste;

O. Sewage, septage and holding tank pumping;

P. Sludges; or

Q. Any other item as specified by federal, state or local regulation.

Putrescible means organic material subject to decomposition by microorganisms.

Recyclable materials means materials that would otherwise be solid waste and which can be collected, separated and/or processed, treated, reclaimed, and placed back in use in the form of raw materials, or that can beneficially be used or reused, including:

Corrugated cardboard and brown Kraft paper bags;

Mixed papers (newspapers as delivered, magazines, glossy catalogs, glossy paper, office paper, junk mail);

Mixed containers (steel food containers, aluminum cans, aluminum pie plates and used foil balls, and plastics 1 through 7, (excluding styrofoam and plastic bags) [bottles marked with a 1 or 2 on the bottom]);

Glass food and beverage containers all colors;

Other containers, materials and papers not listed herein that may be determined to be recyclable in the future, or for which economically viable markets exist or that are created.

Recycling means any process by which recyclable materials are collected, separated and processed and reused or returned to use in the form of raw materials or products.

Refuse (see "solid waste").

Refuse and Recycling Rate and Fee Schedule means the listing of fees and charges for

1 solid waste and recycling collection, transport and disposal services provided by the city and
2 which is incorporated as part of this chapter as Exhibit B.

4 intermediate storage of solid waste which shall be 1.5 mil thick and thirty-three (33) gallon
5 capacity.

6 *Residential solid waste* means any solid waste or garbage derived from households not
7 defined as multi-family residential and home occupations, as set forth in Chapter 14 SFCC 1987
8 and licensed by the city.

9 *Residential unit* means a dwelling unit. Where nonresidential and residential uses occur
10 in a single unit, that unit shall be considered nonresidential.

11 *Scavenging* means the removal of any solid waste or recyclables from privately or
12 publicly owned solid waste containers, refuse bags, solid waste facility, transfer station or
13 recycling container in a manner not authorized by the city.

14 *Service area* means that area within the corporate limits of the city of Santa Fe and any
15 additional area beyond those limits within which the governing body authorizes the collection of
16 solid waste.

17 *Solid waste* means garbage, refuse, litter, yard waste, white goods, construction and
18 demolition debris and other discarded solid materials, including those from industrial,
19 commercial and agricultural operations and from community activities but does not include
20 prohibited materials, solids or dissolved materials in domestic sewage or other significant
21 pollutants in water resources, such as silt, dissolved or suspended solids in industrial wastewater
22 effluents, dissolved materials in irrigation return flow nor materials which the city is prohibited
23 by law from accepting.

24 *Solid waste enterprise fund* means the fund created by the city of Santa Fe to manage [for
25 ~~dealing with~~] the revenues and expenses associated with the collection, diversion, transport and

disposal of solid waste and recycled materials including but not limited to operations, capital improvements and debt service.

Solid waste facility means a facility that is permitted or registered by the state of New Mexico and appropriately zoned and approved by the city to accept solid waste or recyclables. Solid waste facilities include convenience centers, transfer stations, material recovery facilities, composting facilities and landfills.

Trash (see "solid waste").

User (see "customer").

White goods means large household appliances such as refrigerators, stoves, washing machines, air conditioners, swamp coolers and the like that are received as waste by the city.

Yard waste (see "green waste").

Section 2. Subsection 21-3 SFCC 1987 (being Ord. #1996-46 (as amended)) is amended to read:

21-3 COLLECTION AUTHORITY; ENTERPRISE FUND ESTABLISHED.

21-3.1 Refuse Collection Authority.

A. The city and its duly authorized agents or employees shall have the exclusive right within the service area to collect or gather solid waste, with the exception of nonresidential recyclables, dead animals, construction and demolition debris, hazardous wastes and other such materials which the city is prohibited by law from collecting or disposing. No person or organization may sell within the service area any services for the systematic and routine collection, transportation or disposal of garbage, trash or refuse except for nonresidential recyclables, dead animals, construction and demolition debris, hazardous wastes and other such materials which the city is prohibited by law from collecting or disposing.

B. The city and its duly authorized agents shall have the exclusive right to collect or

gather residential curbside recyclables.

C. The city reserves the right at any time to refuse to collect or receive waste, if, in the judgment of the city, such collection is deemed to be harmful, hazardous or in violation of city or state regulations governing type of waste, weight or waste constituents. The city shall inform the person responsible for such waste and shall require compliance with this chapter.

21-3.2 Establishment of Solid Waste Enterprise Fund.

For the purpose of defraying all expenses of collection, diversion, transport and disposal of refuse, the solid waste enterprise fund is established. The governing body shall establish and periodically amend service rates and charges which recover the full costs for each class of service rendered. The revenue received from these rates shall be credited to the solid waste enterprise fund. Money from this fund shall pay all direct, indirect and bond service expenses of the solid waste management operation. All refuse services provided by the city are subject to the Refuse and Recycling Rate and Fee Schedule of this chapter.

~~**[21-3.3 Santa Fe Homes Program Applicability.**~~

~~The Santa Fe Homes Program as set forth in Section 14-8.11 SFCC 1987 shall apply to any application for residential developments located outside the city limits, which is requesting the extension of city refuse collection, as may be limited by said ordinance and the city's jurisdiction. For the purpose of this subsection residential development shall be defined as set forth in Article 14-12 SFCC 1987.]~~

Section 3. Subsection 21-4 SFCC 1987 (being Ord. #1996-46 (as amended)) is amended to read:

21-4 REFUSE COLLECTION.

21-4.3 Conditions of Service - Residential Collection.

A. For residential [bag] collection tag service the customer shall use [may use] commercially available plastic refuse bags which are no greater than 33 gallons and have a

1 maximum weight of 50 pounds. The customer shall place bags by the curb between the hours of
2 6:00 a.m. and 8:00 a.m. of the day designated for collection.

3 B. For residential automated collection service, the size and mil of the bags in the
4 container are not mandated.

5 C. For residential automated recycling collection service, the customer shall place
6 all acceptable recycling materials within the automated container, with the exception of food and
7 beverage glass and all non-recyclable materials. (ceramics, Pyrex, plate glass, light bulbs,
8 drinking glasses, clothing, electronics, green waste, Styrofoam, food waste, food contaminated
9 materials, or plastic bags, municipal solid waste, sharps, hazardous containers or construction and
10 demolition waste). All food and beverage glass shall be recycled at designated drop off locations.

11 ~~[C.]~~ D. Customer shall keep all refuse and recycling within private property away from
12 public view until the time when containers are placed at the curbside for city collection. In order
13 to minimize garbage falling out upon collection and to keep containers clean, the city
14 recommends that all garbage be bagged inside a customer owned or city provided container. Bags
15 inside such containers are not required to meet any standard. ~~[The city encourages the reuse of~~
16 ~~shopping bags for this purpose.]~~ Bags placed outside of a container shall meet requirements in
17 paragraph A. above.

18 ~~[D. Customer shall place refuse bags and private containers by curbside only~~
19 ~~between the hours of 6:00 a.m. and 8:00 a.m. of the day designated for collection.]~~

20 E. Customers shall place city provided refuse containers and recycling containers by
21 curbside between the hours of 6:00 p.m. the night before the designated day of collection and
22 8:00 a.m. on the day designated for collection. Refuse containers and recycling containers shall
23 be removed from the curbside by 8:00 a.m. the day following the designated collection day.

24 F. Customers who receive automated collection shall place containers at a minimum
25 of three feet (3') from any other object (mailboxes, walls, parked vehicles, etc), including refuse

bags, and recycling containers [and other containers] so that personal property or city equipment do not get damaged, or city collection personnel do not get injured. The customer shall place the container in an area which does not have any overhead obstacles (trees, utility lines).

G. Where a curb does not exist, refuse containers shall be placed on the property side, outside the traffic boundaries of the road. Carts shall be placed on a flat level surface. In other special situations outside of those described herein, the location in which refuse is placed for collection shall be determined by the city.

H. Bags shall be securely tied to avoid spillage. Cleaning of any spillage that occurs within public right-of-way as a result of improperly bagged or secured refuse or due to entry by animals shall be the responsibility of the customer.

I. Each refuse bag placed for collection shall not exceed fifty (50) pounds and shall not exceed thirty-three (33) gallon capacity. City provided containers shall not exceed two hundred (200) pounds in capacity.

J. ~~[Broken glass, cactus plants and other sharp objects shall be picked up only if placed in separate refuse bags or containers and labeled accordingly. Refuse bags or containers shall not exceed twenty-five (25) pounds.]~~ Hypodermic needles shall be placed in a puncture proof container with a screw top lid.

~~[K. Pet waste shall be separated and double bagged in refuse bags for placement on the curbside and shall not exceed twenty-five (25) pounds.]~~

~~L. Tree limbs and other vegetative cuttings shall be tied in bundles no longer than four feet (4') and shall not exceed forty (40) pounds.]~~

K. Items which do meet the conditions of this section shall remain the sole responsibility of the customer to dispose in accordance with this chapter.

Section 4. Subsection 21-6 SFCC 1987 (being Ord. #1996-46 (as amended)) is amended to read:

21-6 REFUSE DIVERSION AND RECYCLING.

21-6.1 Waste Reduction and Recycling.

The city shall promote the waste reduction and diversion to the maximum extent possible. It shall implement diversion practices where feasible including but not limited to the collection of recyclable materials from residential and nonresidential sources and safe disposal of household waste which could include hazardous waste. (Ord. #1996-46, §7)

21-6.2 Conditions of Service - Waste Reduction and Recycling.

A. A list of materials recommended for recycling and recommended methods of recycling shall be periodically updated by the city and the list shall be broadly distributed.

B. All food glass and beverage glass shall be recycled at designated drop off locations. Locations for drop off shall be clearly identified, broadly publicized, and periodically updated by the city.

~~[B]~~C. Containers for recyclable materials shall be clearly identified and distinguishable from containers used for waste collection.

~~[C]~~D. Storage of recyclable materials prior to collection shall not create a nuisance or condition which may adversely affect public health.

~~[D]~~E. Recycling containers shall be placed on the curb at least three feet (3') from refuse containers and refuse bags.

~~[E]~~F. Backyard composting and related forms of biological waste diversion or reduction shall be conducted in a manner that does not violate state or city laws or regulations and does not create a nuisance or condition which may adversely affect public health.

G. For commercial recycling collection services, the business shall place all acceptable recycling materials within either the rolling automated container or the recycling dumpster, all acceptable materials may be mixed with the exception of food glass and beverage glass and all non-recyclable materials (ceramics, Pyrex, plate glass, light bulbs, drinking glasses,

1 clothing, electronics, green waste, Styrofoam, food waste, food contaminated materials, or plastic
2 bags, municipal solid waste, sharps, hazardous containers, or construction and demolition waste).

3 H. For commercial glass recycling collection services, the business shall place only
4 food and beverage glass within a 64 gallon rolling container. The storage of recyclable materials
5 prior to collection shall not create a nuisance or condition which may adversely affect public
6 health.

7 **Section 5. Subsection 21-7 SFCC 1987 (being Ord. #1996-46 (as amended)) is**
8 **amended to read:**

9 **21-7 SERVICE RATES AND CHARGES**

10 **21-7.1 Service Fees and Charges.**

11 A. There is assessed against every person owning or controlling any developed
12 property in the city, monthly and other special refuse collection and disposal fees payable to the
13 city in accordance with the Refuse and Recycling Rate and Fee Schedule, hereby adopted by
14 reference and incorporated as part of this chapter as Exhibit B, and in accordance with service
15 rate classes described herein.

16 (1) There is a residential curbside service rate which shall apply to those
17 residential units having refuse collection at the curb. The monthly rate shall be in
18 accordance with the Refuse and Recycling Rate and Fee Schedule.

19 (2) There is a non-compacting rear-loading commercial service rate which
20 shall apply to nonresidential establishments having refuse collection at non-compacting
21 rear-loading bins or carts. The city shall provide and maintain non-compacting rear-
22 loading bins or carts at an indicated rental charge which shall be provided for in the
23 service rate. Bins and carts shall be placed for service in a manner and location
24 acceptable to the city. The monthly rate shall be in accordance with the Refuse and
25 Recycling Rate and Fee Schedule.

1 (3) There is a non-compacting rear-loading light commercial service rate
2 which shall apply to nonresidential establishments having refuse collection from not
3 larger than one (1) ninety (90) gallon cart and not more than one (1) service visit per
4 week. The city shall provide and maintain non-compacting rear-loading carts which shall
5 be provided for in the service rate. Carts shall be placed for service in a manner and
6 location acceptable to the city. The monthly rate shall be in accordance with the Refuse
7 and Recycling Rate and Fee Schedule.

8 (4) There is a non-compacting front-loading commercial service rate which
9 shall apply to nonresidential establishments having refuse collection at non-compacting
10 front-loading bins. The city shall provide and maintain non-compacting front-loading
11 bins at an indicated rental charge which shall be provided for in the service rate. Bins
12 shall be placed for service in a manner and location acceptable to the city. The monthly
13 rate shall be in accordance with the Refuse and Recycling Rate and Fee Schedule.

14 (5) There is a compacting front-loading commercial service rate which shall
15 apply to nonresidential establishments having refuse collection at compacting front-
16 loading bins. Such bins shall be provided, installed and maintained at customer expense
17 and shall be placed for service in a manner and location acceptable to the city. The
18 monthly rate shall be in accordance with the Refuse and Recycling Rate and Fee
19 Schedule.

20 (6) There is a non-compacting open top roll-off commercial service rate
21 which shall apply to any establishment having refuse collection from non-compacting,
22 open top roll-off bins. The non-compacting open top roll-off container shall be serviced a
23 minimum of one (1) time per month. ~~[or a service rate will be assessed as a bin rental~~
24 ~~shown on the Refuse and Recycling Rate and Fee Schedule (Exhibit B attached at the end~~
25 ~~of this chapter)]~~ Bins shall be placed for service in a manner and location acceptable to

1 the city. The gross weight including the weight of the bin and its contents may not exceed
2 twenty thousand (20,000) pounds and the external dimensions of the bin shall be
3 reviewed and approved by the city prior to the commencement of service. The monthly
4 rate shall be in accordance with the Refuse and Recycling Rate and Fee Schedule.
5 Persons wishing to substitute special on-call service in lieu of scheduled service for a
6 period of thirty (30) days or more shall be assessed on the basis of each special service
7 call provided by the city for each bin.

8 (7) There is a non-compacting, open top roll-off special event commercial
9 service rate which shall apply to any establishment requiring refuse collection at non-
10 compacting, open top roll-off bins for a special event or other use having a duration of
11 less than thirty (30) days. The service rate shall be in accordance with the Refuse and
12 Recycling Rate and Fee Schedule for special service under the commercial non-
13 compacting roll-off class of service. Bins shall be placed for service in a manner and
14 location acceptable to the city.

15 (8) There is a compacting roll-off commercial service rate which shall apply
16 to nonresidential establishments having refuse collection at compacting roll-off bins. Bins
17 shall be provided and maintained at customer expense and shall be placed for service in a
18 manner and location acceptable to the city. If the compacting roll-off bin is in disrepair,
19 city collection personnel shall give notice to the customer informing customer of the need
20 to repair the bin within fifteen (15) calendar days. If the repairs are not made, the city
21 may suspend collection. The gross weight including the weight of the bin and its contents
22 may not routinely exceed twenty thousand (20,000) pounds and the external dimensions
23 of the bin shall be reviewed and approved by the city prior to the commencement of
24 service. The monthly rate shall be in accordance with the Refuse and Recycling Rate and
25 Fee Schedule.

(9) There is a service rate which shall apply to commercial recycling ~~[will be available to]~~ for nonresidential establishments and charged as a separate service. Such charges will be in addition to the regular commercial service. The city shall provide and maintain non-compacting bins and carts at an indicated rental charge which shall be provided for in the service rate. The city shall approve the placement site of the container. The monthly rate shall be in accordance with the Refuse and Recycling Rate and Fee Schedule, Exhibit B of this chapter.

(10) There is a residential, curbside, large-item collection rate which will apply to on-call collection at curbside of items/materials that cannot be collected as residential curbside collection due to weight or size restrictions. The fee for this service shall be in accordance with the Refuse and Recycling Rate and Fee Schedule. This collection fee includes the disposal cost of all items collected.

B. The city reserves the right at any time to refuse to remove materials placed for city collection and disposal if, in the judgment of the city, the removal from the premises may be harmful or hazardous or in violation of state or city regulations governing weight or contents. The city shall inform the person responsible for the materials and shall allow the person to correct the problem so as to allow removal by the city.
