CITY OF SANTA FE

PROCLAMATION OF EMERGENCY III- COVID-19

WHEREAS, pursuant to SFCC 1987, Section 2-1.3, Powers and Duties of the Mayor, the Mayor has, within the City limits, the power conferred on the sheriffs of counties to suppress disorders and keep the peace;

WHEREAS, the City's Emergency Declaration Ordinance, Section 20-1, authorizes the Mayor to proclaim that a state of emergency exists in the city, after consultation with the emergency manager, chief of police, and/or fire chief;

WHEREAS, such an emergency proclamation allows the Mayor to prohibit and/or require certain actions to protect life and property and preserve public peace and safety and, if desired, to request that the Governor of New Mexico proclaim a state of emergency pursuant to the Riot Control Act;

WHEREAS, Santa Fe City Code 1987, Section 2-16, defines "emergency" as any "occasion or instance, such as a terrorist attack, terrorist threat, civil unrest, wildland and urban fire, flood, hazardous materials spill, nuclear accident, aircraft accident,

earthquake, hurricane, tornado, tropical storm, tsunami, war-related disaster, public health or medical emergency, other occurrence requiring an emergency response, or any other condition that warrants action to protect life, property, or the environment”;

WHEREAS, on January 30, 2020, the World Health Organization announced the emergence of a novel Coronavirus Disease 2019 (referred to as "COVID-19") that had not previously circulated in humans, but has been found to have adapted to humans such that it is contagious and easily spread from one person to another and one country to another;

WHEREAS, on January 31, 2020, the United States Department of Health and Human Services Secretary declared a public health emergency as a precautionary tool to facilitate preparation and availability of resources to assure that the federal government had appropriate resources to combat the spread of the COVID-19 virus in the nation through its support of state and community-led preparedness and response efforts;

WHEREAS, the New Mexico Department of Health continues to identify a growing number of individuals infected with COVID-19 in New Mexico, including 129 cases in Santa Fe County;

WHEREAS, on March 11, 2020, Michelle Lujan Grisham, the Governor of the State of New Mexico, declared in Executive Order 2020-004 that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act,

and invoked the All Hazards Emergency Management Act by directing all cabinets, departments, and agencies to comply with the directives of the declaration and the further instructions of the Department of Health;

WHEREAS, on March 12, 2020, Kathyleen M. Kunkel, Cabinet Secretary of the New Mexico Department of Health, declared the current outbreak of COVID-19 a condition of public health importance as defined in the New Mexico Public Health Act, NMSA 1978, Section 24-1-2, as an infection, a disease, a syndrome, a symptom, an injury or other threat that is identifiable on an individual or community level and that can reasonably be expected to lead to adverse health effects in the community, and that poses an imminent threat of substantial harm to the population of New Mexico;

WHEREAS, the spread of COVID-19 in New Mexico and the City of Santa Fe poses a threat to the health, safety, well-being and property of the residents of the City, including the potential loss of life, serious illness resulting from exposure to the COVID-19 virus, significant negative impact on the social, economic, and overall quality of life of the residents of Santa Fe;

WHEREAS, pursuant to the foregoing clauses, I declared an emergency to exist in the City on March 13, 2020 (Proclamation I) and March 23, 2020 (Proclamation II);

WHEREAS, on March 16, 2020, the Governing Body of the City extended Proclamation I through March 23, 2020, and on March 25, 2020, the Governing Body extended Proclamation II through May 24, 2020;

WHEREAS, Secretary Kunkel issued a series of Public Health Orders on March 13, 2020; March 16, 2020; March 19, 2020; March 23, 2020; March 25, 2020; April 6, 2020; April 11, 2020; April 30, 2020; May 5, 2020; and May 15, 2020, imposing various restrictions on activities within New Mexico;

WHEREAS, the pandemic and the City's and State's rapid and effective response to it, including the elimination of mass gatherings and implementing significant social distancing measures, have resulted in an unprecedented fiscal crisis for the City, its residents, and its businesses: a large number of residents have suffered reduced hours or job loss; the City's mom and pop stores and shops were closed to combat the spread of the virus, with great financial losses; the major businesses and markets that traditionally have catered to the tourists who flock to Santa Fe have had their revenues reduced to a trickle or their historic events have been cancelled entirely;

WHEREAS, at the time of this Proclamation, the City anticipates over a \$100 million operating deficit due to reduced revenues, which is a significant proportion of the City's operating budget;

WHEREAS, as the rates of infection, hospitalization, and death from the COVID-19 pandemic begin to flatten and decrease in New Mexico, Governor Lujan Grisham and Secretary Kunkel have begun to "reopen" New Mexico, by lifting certain restrictions while requiring implementation of "COVID-19 Safe Practices"; and

WHEREAS, certain orders I previously issued remain necessary to protect life and

property and preserve public peace and safety of the people of Santa Fe; and other orders I previously issued require updating as the State of New Mexico begins to reopen.

THEREFORE, I, ALAN M. WEBBER, Mayor of the City of Santa Fe, New Mexico, hereby declare, that a public health emergency and a financial emergency exist in the City. As a result of these emergencies, events have caused or are causing danger of injury or damage to persons and property within the City. I hereby invoke all Section 2-1.3, and Sections 20-1.2 through 20-1.5 of the Santa Fe City Code of 1987, to preserve the peace and order in the City of Santa Fe. In particular, I take the following actions:

I. I order the following:

a. No more than five (5) persons may assemble or gather on the public streets, public parks, or other open areas, either public or private, or in any public building. When the State's limitations on mass gatherings permit greater numbers of persons to gather, this order shall allow the same number to gather. As used herein, "public" means a place used for a public purpose or as a place of public gathering, owned or under the control of the City and privately owned properties that are open to the public, other than in religious and educational buildings as permitted pursuant to State orders that are in place. "Assemble or gather" refers to intentional assemblies of a group of

people; it does not refer to the use of a space by individuals or families in the location's regular course of business, such as shopping at a retail location where there are more than five (5) customers or entering a commercial establishment that happens to have more than five (5) people present at that time. This prohibition also does not apply to weddings or funerals, shelters, or hospitals and other healthcare settings;

b. The City Manager shall address the public health emergency by

- i. reducing or eliminating in-person provision of City services wherever possible
- ii. directing City employees, as applicable, to perform emergency functions; and
- iii. working with the Human Resources Department to issue policies regarding COVID-19 Safe Practices for City employees;

c. The City Manager shall address the financial emergency by

- i. identifying savings across the City's operations;
- ii. making recommendations to the Governing Body regarding options for streamlining and reducing the cost of City government, including options for reduced service levels and ways as well as ways to increase City revenues; and
- iii. identifying mechanisms and facilitating City collaboration with local

partners to safely reopen Santa Fe to allow activities that generate City revenues;

d. All available resources of the City shall be used to address the emergency as reasonably necessary;

e. Mayor Pro-Tem Signe Lindell, City Manager Jarel LaPan Hill, and Finance Director Mary McCoy are my substitute signatories for emergency obligation of funds during the pendency of the declared emergency;

f. The City Clerk shall accept electronic signatures, including scanned copies of hard-copy signature, on legal documents, including but not limited to contracts, property documents, ordinances, resolutions, etc., and shall attest to electronic signatures of the Mayor and City Manager or their designees, if submitted by the signatory through the signatory's email;

g. Until the New Mexico Supreme Court lifts its injunction, landlords are prohibited from evicting residential tenants. In addition, landlords are prohibited from evicting commercial tenants who are unable to pay rent on time because, due to the public health emergency, they have been prohibited from opening to the public. This order does not seek to change the obligation of a tenant to pay rent and strongly encourages discussions of payment plans between landlords and tenants;

h. Lodgers Tax will not be due during the public health emergency, but still

must be reported fully and on time;

i. Water shut-offs for non-payments of the bill will cease, while charges will continue to accrue and be owed;

j. The collection of parking fees remains suspended through May 31 for on-street parking and remains suspended through June 30 for garage parking; restrictions on parking locations and access rules remain in place;

k. The collection of City transit fees is suspended;

l. Until May 31, 2020, recipients of parking citations issued before March 23, 2020 may appeal or pay citation within sixty (60) days from issuance, but they are encouraged to pay or appeal within the fifteen (15) day deadline.

m. The April 6, 2020 orders I issued regarding grocery stores and super markets and the April 10, 2020 exceptions to those orders that I issued for use of reusable bags remain in place;

n. Unless a healthcare provider instructs otherwise or the State exempts a person from wearing a facial covering for a reason such as age, all individuals shall wear a mask or facial covering in public settings except when eating, drinking, or exercising; as used here “public setting” means indoor spaces that are open to the public and outdoor spaces that are open to the public where there is not six-feet of distance between persons at all times;

o. Retail; restaurants; office and call centers; grocery stores and farmers’

markets; youth programs; manufacturing, warehouse, and food production; hotels, resorts and lodging; golf courses; tour operators; houses of worship; farms, ranches and dairy producers and processors; veterinarians and animal care facilities; construction and field operations; automobile dealerships and services; and medical providers and other industries shall comply with the State-issued COVID-19 Safe Practices (CSPs), which are accessible online: www.cv.nmhealth.org/covid-safe-practices.

II. Further, based on the recommendations of the Centers for Disease Control, National Institutes of Health, and other governmental, medical, and public health experts, I advise residents and visitors to the City to take the following precautions in their day-to-day activities:

- a. For those who flown into New Mexico from out of the state or out of the country, self-quarantine for two (2) weeks after return or arrival to New Mexico;
- b. For those at high risk (elderly and immune compromised individuals), secure three (3) months of all necessary medical prescriptions;

- l. Avoid all non-essential travel, including plane trips and cruise ships.

III. I also encourage the following:

- a. To the greatest extent possible, all residents should practice safe and hygienic conduct as the City begins to re-open, as described in Section II of this Order, above, and as further described in the Santa Fe Promise, below;

- b. Local businesses should offer paid sick leave whenever feasible;
- c. Local businesses should ban non-essential travel for work;
- d. Local businesses should, when feasible, allow employees to take leave to care for children while the schools are closed;
- e. Local businesses should establish capabilities for employees to work from home where feasible;
- f. Local businesses should, to the extent feasible, respond to requests from the City to contribute to and participate in such activities and efforts as may assist in responding to the current COVID-19 health crisis;
- g. Residents should refrain from hoarding household and medical supplies, such as water, sanitizer, diapers, non-perishable food items, and toilet paper;

supportive community engagement and contact with the City's most vulnerable populations;

l. Residents who have lost their jobs due to the economic aftershock of the COVID-19 virus should immediately apply for and take the steps necessary to begin to receive unemployment benefits through the State of New Mexico; and

m. Residents should make the "Santa Fe Promise": I promise to:

Act as if I carry the coronavirus.

Maintain social distancing of at least six feet.

Wear a face covering, wash my hands, use sanitizer.

Buy from local businesses that also make this promise.

Practice patience, compassion, empathy, connection, respect and love.

WHEREAS, Proclamation IV expired on September 27, 2020;

WHEREAS, the Centers for Disease Control (CDC) has issued guidance during the pandemic that cautions against moving or clearing encampments due to the risk of dispersing people in the community and breaking their connections with service providers; and

WHEREAS, certain orders I previously issued remain necessary to protect life and property and preserve public peace and safety of the people of Santa Fe; and other orders I previously issued require updating to address the continuing pandemic.

THEREFORE, I, ALAN M. WEBBER, Mayor of the City of Santa Fe, New Mexico, hereby declare, that a public health emergency continues to exist in the City. As a result of these emergencies, events have caused or are causing danger of injury or damage to persons and property within the City. I hereby invoke all Section 2-1.3, and Sections 20-1.2 through 20-1.5 of the Santa Fe City Code of 1987, to preserve the peace and order in the City of Santa Fe.

In particular, I take the following actions:

I. I order the following:

- a. Gatherings of greater than ten (10) persons may not take place on the public streets, public parks, or other open areas, either public or private, or in any public building. When the State's limitations on mass gatherings permit greater numbers of persons to gather, this order shall allow the same number to gather. As used herein, "public" means a place used for a public purpose or as a place of public gathering, owned or under the control of the City and privately owned properties that are open to the public, other than in religious and educational buildings as permitted pursuant to State orders

that are in place. “Assemble or gather” refers to intentional assemblies of a group of people; it does not refer to the use of a space by individuals or families in the location’s regular course of business, such as shopping at a retail location where there are more than ten (10) customers or entering a commercial establishment that happens to have more than ten (10) people present at that time. This prohibition also does not apply to weddings or funerals, shelters, or hospitals and other healthcare settings;

- b. The City Manager shall address the public health emergency by
 - i. reducing or eliminating in-person provision of City services wherever possible;
 - ii. directing City employees, as applicable, to perform emergency functions;
 - iii. facilitating the implementation of the policy adopted to evaluate and address the public health risks, environmental compliance of, and locations of encampments, and to provide residents of such encampments with access to available social services, including transitional housing in furtherance of the Built for Zero initiative to eliminate chronic homelessness, to avoid removing encampments when leaving them in place furthers the purposes of this Order; and
 - iii. working with the Human Resources Department to issue policies regarding COVID-19 Safe Practices for City employees;

d. All available resources of the City shall be used to address the emergency as reasonably necessary;

e. Mayor Pro-Tem Signe Lindell, City Manager Jarel LaPan Hill, and Finance Director Mary McCoy are my substitute signatories for emergency obligation of funds during the pendency of the declared emergency;

f. The City Clerk shall accept electronic signatures, including scanned copies of hard-copy signature, on legal documents, including but not limited to contracts, property documents, ordinances, resolutions, etc., and shall attest to electronic signatures of the Mayor and City Manager or their designees, if submitted by the signatory through the signatory’s email;

g. Until the New Mexico Supreme Court lifts its injunction, landlords are prohibited from evicting residential tenants. In addition, landlords are

prohibited from evicting commercial tenants who are unable to pay rent on time because, due to the public health emergency, they have been prohibited from opening to the public. This order does not seek to change the obligation of a tenant to pay rent and strongly encourages discussions of payment plans between landlords and tenants;

h. Lodgers Tax payments shall continue on a monthly basis and payments previously delayed during the public health emergency shall be submitted during Fiscal Year 2021, along with future payments; at least one quarter of the delayed amount shall be paid by the end of each quarter of Fiscal Year 2021;

i. The moratorium on water shut-offs will continue, while charges will continue to accrue and be owed;

m. The April 6, 2020 orders I issued regarding grocery stores and super markets and the April 10, 2020 exceptions to those orders that I issued for use of reusable bags remain in place;

n. Unless a healthcare provider instructs otherwise or the State exempts a person from wearing a facial covering for a reason such as age, all individuals shall wear a mask or facial covering in public settings except when eating or drinking; as used here “public setting” means places that are open to the public where there is not six-feet of distance between persons at all times;

o. Retail; restaurants; office and call centers; grocery stores and farmers’ markets; youth programs; manufacturing, warehouse, and food production; hotels, resorts and lodging; golf courses; tour operators; houses of worship; farms, ranches and dairy producers and processors; veterinarians and animal care facilities; construction and field operations; automobile dealerships and services; and medical providers and other industries shall comply with the State-issued CSPs, which are accessible online: <https://cv.nmhealth.org/covid-safe-practices/>; and

p. Employers shall not retaliate against employees for seeking to comply with CSPs, advocating that their place of business follow CSPs, or reporting non-compliance with CSPs.

II. Further, based on the recommendations of the Centers for Disease Control, National Institutes of Health, and other governmental, medical, and public health experts, I advise residents and visitors to the City to take the following precautions in their day-to-day activities:

- a. For those who have traveled into New Mexico from out of the state or out of the country, self-quarantine as required in the Executive Order in place at the time of return to the State. Currently that Order requires a fourteen (14) day self-quarantine when an individual returns to New Mexico from a State or Country with a positive test rate of greater than a seven-day rolling average of 80 per 100,000 individuals or five percent (5%) or greater, unless they have obtained a negative COVID-19 test within three (3) days before or after arrival in the state;
- b. For those at high risk (elderly and immune compromised individuals), secure three (3) months of all necessary medical prescriptions;
- c. Avoid contact with people who are sick;
- d. Practice “social distancing”, by maintain six (6) feet between yourself and others;
- e. Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing, or having been in a public place;

- l. Avoid all non-essential travel, including plane trips and cruise ships.

III. I also encourage the following:

- a. To the greatest extent possible, all residents should practice safe and hygienic conduct as the City begins to re-open, as described in Section

II of this Order, above, and as further described in the Santa Fe Promise, below;

- b. Local businesses should offer paid sick leave whenever feasible;
- c. Local businesses should ban non-essential travel for work;
- d. Local businesses should, when feasible, allow employees to take leave to care for children while the schools are closed;
- e. Local businesses should establish capabilities for employees to work from home where feasible;
- f. Local businesses should, to the extent feasible, respond to requests from the City to contribute to and participate in such activities and efforts as may assist in responding to the current COVID-19 health crisis;

Practice patience, compassion, empathy, connection, respect and love.

We will keep Santa Fe safe. We will keep Santa Fe open.
Together.

- n. Residents should support local businesses that take the Santa Fe Promise; and
- o. Residents should download the NOVID phone application, which allows for user alerts of their actual or potential exposure to individuals who have a positive COVID-19 test within a relevant time period, without either collecting or disclosing the users' personal identifying information or locations.

- b. The City Manager shall address the public health emergency by
 - i. reducing or eliminating in-person provision of City services wherever possible;
 - ii. directing City employees, as applicable, to perform emergency functions;
 - iii. facilitating the implementation of the policy adopted to evaluate and address the public health risks, environmental compliance of, and locations of encampments, and to provide residents of such encampments with access to available social services, including transitional housing in furtherance of the Built for Zero initiative to eliminate chronic homelessness, to avoid removing encampments when leaving them in place furthers the purposes of this Order; and
 - iii. working with the Human Resources Department to issue policies regarding COVID-19 Safe Practices for City employees;

- c. All available resources of the City shall be used to address the emergency as reasonably necessary, including the following practices:
 - i. The City shall only provide in-person services to persons following COVID-Safe practices and requirements, including wearing a facial covering;
 - ii. In addition, landlords are prohibited from evicting commercial tenants who are unable to pay rent on time because, due to

closed to the public and may not be used.

WHEREAS, a growing number of individuals have been infected with COVID-19 in New Mexico, including 9,064 cases in Santa Fe County as of yesterday, November 29, 2020, nearing twice the number of cases recorded on the date I issued

Proclamation VI (5,053);

WHEREAS, since my last proclamation, several new variants of the COVID-19 virus have been identified that have a higher infection rate, which results in the virus causing more illness and deaths per capita;

WHEREAS, at least two instances of one of the known, more infectious variants were recently detected in New Mexico;

WHEREAS, 114 Santa Fe County residents have died from COVID-19 infections as of January 29, 2021;

WHEREAS, the State's public health order is now structured to classify counties as "Red", "Yellow" or "Green", depending upon their COVID-19 positivity rates and infection rates;

WHEREAS, current demand for both of the vaccines far exceeds their availability, and that imbalance between supply and demand is expected to continue for several months;

WHEREAS, on a population level, the efficacy of the vaccines on infection rates is improved if the vaccine is administered when the local infection rate is lower: 95% prevention of infection for 100 cases that would otherwise occur results in 5 cases,

while 95% prevention of 1000 cases that would otherwise occur results in 50 cases;

WHEREAS, COVID-19 testing is now readily available for free for those with or without symptoms and for those with or without known exposures;

WHEREAS, recently, local COVID-19 test results often come back within 48 hours;

WHEREAS, free, at-home COVID-19 saliva tests are available for New Mexicans from “<https://learn.vaulthealth.com/nm/>”;

WHEREAS, regular, surveillance testing for COVID-19 helps to suppress the infection rate by notifying asymptomatic persons who test positive that they need to quarantine;

WHEREAS, increased, regular testing of asymptomatic persons also improves the positivity rate by increasing the likelihood that there will be more tests with a negative result;

WHEREAS, many City employees are unable to telework and they are, therefore, at risk of spreading the virus to others and contracting the virus while working;

WHEREAS, a number of the City’s firefighters are trained to test for COVID-19 and other City employees could be trained to assist with implementing regular, surveillance testing;

WHEREAS, Proclamation VI expired at noon today, January 30, 2021; and

WHEREAS, certain orders I previously issued remain necessary to protect life and property and preserve the public peace and safety of the people of Santa Fe; other orders I previously issued require updating to address the continuing pandemic; and certain new orders will improve the City of Santa Fe’s pace of recovery from, and limit the harm caused by, the pandemic.

THEREFORE, I, ALAN M. WEBBER, Mayor of the City of Santa Fe, New Mexico, hereby declare, that a public health emergency continues to exist in the City. As a result, events have caused and are causing danger of injury or damage to persons and property within the city. I hereby invoke all Section 2-1.3, and Sections

20-1.2 through 20-1.5 of the Santa Fe City Code of 1987, to preserve the peace and order in the City of Santa Fe.

In particular, I take the following actions:

I. I order the following:

a. Gatherings of greater than five (5) persons, or ten (10) or more vehicles, may not take place on the public streets, public parks, or other open areas, either public or private, or in any public building for coordinated events while Santa Fe County is classified as “Red” under the State’s public health order. When Santa Fe County’s NMDOH “Red to Green” status changes to Yellow or Green, this order shall allow or restrict, as applicable, the number of persons and vehicles permitted under the State’s limitations for that level of risk to gather. As used herein, "public" means a place used for a public purpose or as a place of public gathering, owned or under the control of the City and privately owned properties that are open to the public, other than in religious and educational buildings as permitted pursuant to State orders that are in place. “Assemble or gather” refers to intentional assemblies of a group of people; it does not refer to the use of a space by five or more individuals or by families in a location’s regular course of business. That is, this prohibition does not restrict a person from shopping at a retail location where there are already more than five (5) customers or from entering a commercial establishment that happens to have more than five (5) people present at that time. other than encampments in City parks, when leaving them in place furthers the purposes of this Order; and

iv. working with the Human Resources Department to issue policies regarding COVID-19 Safe Practices for City employees;

c. All available resources of the City shall be used to address the emergency as reasonably necessary, including the following:

ii. If a member of the public requiring services has a medical reason to not wear a facial covering, City employees shall find a reasonable way to accommodate providing services to that member of the public that does not include putting employees at risk;

iii. Should the City's temporary administrative and sick leave authorized pursuant to Resolution No. 2020-11 and the City Manager's existing administrative leave authority not be sufficient to implement the New Mexico Department of Health's recommended quarantining time periods for close contacts, positive cases, and/or to allow the care of family members who are at home due to the limitations imposed under the declared emergency, the City Manager shall provide administrative leave up to the permitted hours and pursuant to the other limitations that were permitted under the federal leave benefits that expired on December 31, 2020 under the Families First Coronavirus Response Act (FFCRA), including Emergency Paid Sick Leave (EPSL) and Expanded Family and Medical Leave (EFMLA); and

A. Employees who cannot telework a majority of their time shall be tested on at least an every-other-weekly basis;

B. Employees who telework a majority of their time shall be tested or shall self-administer an at-home test on at least a monthly basis;

iii. Have you been tested for COVID-19 and are waiting to receive test results?

iv. In the past 14 days, have you traveled outside the state or country?

v. In the past 14 days, has a public health or medical professional told you to self-monitor, self-isolate, or self-quarantine because of concerns about COVID-19 infection?

i. The moratorium on water shut-offs will continue, while charges will continue to accrue and be owed;

i. Beginning immediately, stores must permit customers to use reusable bags, but may require customers to pack the bags the customers are reusing.

ii. To the extent that the following orders are more restrictive than the current effective Public Health Order, grocery stores and supermarkets shall:

1. Provide access to handwashing facilities and break time for employees to wash their hands;
2. Provide customers access to restrooms for hand washing, if possible, without causing other risks to customers or employees;
3. Disinfect handles of all shopping carts and baskets in between uses or provide customers access to disinfecting options, as accessible, at the point or points of entry;
4. Provide disinfecting wipes, as available, at cash registers and other high-touch points in the store;

10. Mark off six (6) foot distances between waiting spaces where lines form, both inside and outside the store; and

11. Provide exclusive hours for self-identified high-risk populations and limit entrances during those special shopping hours to twenty-five percent (25%) of maximum occupancy levels.

k. Unless a healthcare provider instructs otherwise or the State exempts a person from wearing a facial covering for a reason such as age, all individuals shall wear a mask or facial covering in public settings except when eating or drinking; as used here "public setting" means places that are open to the public;

l. PROCLAMATION OF EMERGENCY VIII- COVID-19

March 29, 2021

WHEREAS, pursuant to Santa Fe City Code (SFCC) 1987, Section 2-1.3, “Powers and Duties of the Mayor,” the Mayor has, within the city limits, the power conferred on the sheriffs of counties to suppress disorders and keep the peace;

WHEREAS, the City’s Emergency Declaration Ordinance, Section 20-1, authorizes the Mayor to proclaim that a state of emergency exists, after consultation with the emergency manager, chief of police, and/or fire chief;

WHEREAS, such an emergency proclamation allows the Mayor to prohibit and/or require certain actions to protect life and property and to preserve public peace and safety;

WHEREAS, SFCC 1987, Section 2-16, defines “emergency” to include a “public health or medical emergency” and other occurrences “requiring an emergency response, or any other condition that warrants action to protect life, property, or the environment”;

WHEREAS, on January 30, 2020, the World Health Organization announced the emergence of a novel Coronavirus Disease 2019 (referred to as "COVID-19") that had not previously circulated in humans, but that is contagious and easily spreads from one person to another and one country to another;

WHEREAS, on January 31, 2020, the United States Department of Health and Human Services Secretary declared a public health emergency to assure that the federal government had appropriate resources to combat the spread of the COVID-19 virus;

WHEREAS, on March 11, 2020, Michelle Lujan Grisham, the Governor of the State of New Mexico, declared in Executive Order 2020-004 that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked the All Hazards Emergency Management Act by directing all cabinets, departments, and agencies to comply with the directives of the declaration and the further instructions of the Department of Health;

WHEREAS, on March 12, 2020, Kathyleen M. Kunkel, Cabinet Secretary of the New Mexico Department of Health, declared the COVID-19 outbreak a condition of public health importance as defined in the New Mexico Public Health Act, NMSA 1978, Section 24-1-2;

WHEREAS, the spread of COVID-19 in New Mexico and the City of Santa Fe has killed, harmed, impaired economically and suppressed the wellbeing of the residents of the City, resulting in an ongoing and significant negative impact on the social, economic, and overall quality of life of the residents of Santa Fe;

WHEREAS, pursuant to the foregoing clauses, I declared an emergency to exist in the City on March 13, 2020, (Proclamation I), March 23, 2020 (Proclamation II), May 26, 2020 (Proclamation III), July 27, 2020 (Proclamation IV), September 28, 2020 (Proclamation V); November 30, 2020 (Proclamation VI); and January 30, 2021 (Proclamation VII);

WHEREAS, former Secretary Kunkel, formerly acting NMDOH Cabinet Secretary Billy Jimenez, and current Secretary Tracie C. Collins have issued a series of Public Health Orders and Amendments, approximately 38 of them, beginning on March 13, 2020; , with the most recent issued on March 15, 2021, imposing various restrictions on activities within New Mexico;

WHEREAS, a growing number of individuals have been infected with COVID-19 in New Mexico, including 9,834 cases in Santa Fe County as of March 28, 2021;

WHEREAS, since my last proclamation, the new variants of the COVID-19 virus, at least some with higher infection rates, have continued to spread;

WHEREAS, at least two instances of one of the known, more infectious variants were recently detected in New Mexico;

WHEREAS, 142 Santa Fe County residents have died from COVID-19 infections as of March 28, 2021;

WHEREAS, the State’s public health order is now structured to classify counties as “Red”, “Yellow”, “Green”, or “Turquoise” depending upon their COVID-19 positivity rates, infection rates, and the continuity of those rates;

WHEREAS, as counties lower their positivity rates and infection rates, they move from Red to Yellow to Green and, as the risk of virus spread declines, restrictions are also reduced on indoor dining, retail occupancy, and the size of gatherings;

WHEREAS, if a county remains within the positivity rates and infection rates of the Green level for the two weeks after being classified as Green, it becomes classified “Turquoise”, lifting COVID-19 restrictions significantly;

WHEREAS, Santa Fe County recently became classified as “Green”, then “Turquoise”;

WHEREAS, with the Turquoise classification, gatherings of 150 persons are permitted, bars and clubs in the County may operate with 33% indoor capacity, and recreation centers and large event centers in the County may operate at 50% capacity;

WHEREAS, if Santa Fe’s positivity or infection rates fall below the Green level, the County will fall two levels, to the “Yellow” category, with significantly restricted gatherings and business operations;

WHEREAS, while reopening steps are positive for the County’s economy, they also increase the risk of infection for unvaccinated persons;

WHEREAS, three COVID-19 vaccines have now been authorized for experimental use in the United States and more than 1 million doses have been administered in New Mexico;

WHEREAS, for two of the three vaccines, two doses of the vaccines, administered several weeks apart, and a waiting period following the second shot, are needed to achieve the vaccines’ approximate 95% efficacy rate;

WHEREAS, current demand for all three of the vaccines far exceeds their availability, and that imbalance between supply and demand is expected to continue through at least April and May;

WHEREAS, on a population level, the efficacy of the vaccines on infection rates is improved if the vaccine is administered when the local infection rate is lower: 95% prevention of infection for 100 cases that would otherwise occur results in 5 cases, while 95% prevention of 1000 cases that would otherwise occur results in 50 cases;

WHEREAS, COVID-19 testing is now readily available for free for those with or without symptoms and for those with or without known exposures;

WHEREAS, recently, local COVID-19 test results often come back within 48 hours;

WHEREAS, free, at-home COVID-19 saliva tests are available for New Mexicans from “<https://learn.vaulthealth.com/nm/>”;

WHEREAS, regular, surveillance testing for COVID-19 helps to suppress the infection rate by notifying asymptomatic persons who test positive that they need to quarantine;

WHEREAS, increased, regular testing of asymptomatic persons also improves the positivity rate by increasing the likelihood that there will be more tests with a negative result;

WHEREAS, many City employees are unable to telework and they are, therefore, at risk of spreading the virus to others and contracting the virus while working;

WHEREAS, a number of the City’s firefighters are trained to test for COVID-19 and other City employees could be trained to assist with implementing regular, surveillance testing;

WHEREAS, Proclamation VII expired at noon today, March 29, 2021; and

WHEREAS, certain orders I previously issued remain necessary to protect life and property and preserve the public peace and safety of the people of Santa Fe; other orders I previously issued require updating to address the continuing pandemic; and

certain new orders will improve the City of Santa Fe's pace of recovery from, and limit the harm caused by, the pandemic.

THEREFORE, I, ALAN M. WEBBER, Mayor of the City of Santa Fe, New Mexico, hereby declare, that a public health emergency continues to exist in the City. As a result, events have caused and are causing danger of injury or damage to persons and property within the city. I hereby invoke all Section 2-1.3, and Sections 20-1.2 through 20-1.5 of the Santa Fe City Code of 1987, to preserve the peace and order in the City of Santa Fe.

In particular, I take the following actions:

I. I order the following:

- a. This order shall allow or restrict, as applicable, the number of persons and vehicles permitted to assemble or gather under the State's mass gathering limitations and exceptions, except that, inside City-owned buildings, gatherings for events shall be limited to 150 while Santa Fe County is classified as "Turquoise", shall decrease to 10 if the County's classification becomes Yellow, and return to 20 if the County's classification subsequently returns to Green. The City's Convention Center may increase its occupancy to the State's event center occupancy levels beginning May 6, if the County's classification remains Turquoise or the equivalent;
- b. The City Manager shall address the public health emergency by
 - i. increasing in-person City services and access to facilities gradually and in a safety-conscious manner, and as City employees have the opportunity to get vaccinated, as long as local infection rates continue to remain in the Green levels or lower and City employee rates remain near zero;
 - ii. directing City employees, as applicable, to perform emergency functions;
 - iii. facilitating the continued application of the policy adopted to evaluate and address the public health risks, environmental compliance of, and locations of encampments, and to provide residents of such encampments with access to available social services, including transitional housing in furtherance of the Built for Zero initiative to eliminate chronic homelessness, to avoid removing encampments,

other than encampments in City parks, when leaving them in place furthers the purposes of this Order; and
iv. working with the Human Resources Department to issue policies regarding COVID-19 Safe Practices for City employees;

c. Resources of the City shall be used to address the emergency as reasonably necessary, including the following:

i. The City shall only provide in-person services to persons who are following COVID Safe Practices (CSPs) and requirements, including wearing a facial covering;

ii. If a member of the public requiring services has a medical reason to not wear a facial covering, City employees shall find a reasonable way to accommodate providing services to that member of the public that does not include putting employees at risk;

iii. Upon availability and notice, City employees shall participate in regular/surveillance testing provided by the City, during their scheduled work days, as follows:

A. Employees who cannot telework a majority of their time shall be tested on at least an every-other-weekly basis;

B. Employees who telework a majority of their time shall be tested or shall self-administer an at-home test on at least a monthly basis;

C. Employees who only telework from home are encouraged but not required to get tested on a regular basis; and

D. Employees who provide the City's Human Resources Department documentation that they have received a COVID-19 vaccine and the associated booster shot, if applicable, shall be exempt from testing requirements beginning the month when two weeks have lapsed after receipt of their booster shot or two weeks after the vaccine administration, if there is not a booster shot for the vaccine;

d. Before entering City facilities, members of the public must wear a facial covering and they shall review the posted COVID-19 Screening Questions regarding their COVID-19 positivity risk. Entry into City buildings is prohibited if the answer to any of the following screening questions is yes:

i. Are you currently experiencing, or have you experienced in the past 14 days, fever of 100.4 degrees or greater, cough, shortness of breath or

difficulty breathing, sore throat, new loss of taste or smell, chills, body aches, nausea, diarrhea, or vomiting?

ii. In the past 14 days, have you had close contact with anyone that you know had COVID-19 or COVID-like symptoms? “Close contact” includes being 6 feet or closer for more than 15 minutes with the person?

iii. Have you been tested for COVID-19 and are waiting to receive test results?

v. In the past 14 days, has a public health or medical professional told you to self-monitor, self-isolate, or self-quarantine because of concerns about COVID-19 infection?

e. Mayor Pro-Tem Signe Lindell, City Manager Jarel LaPan Hill, and Finance Director Mary McCoy are my substitute signatories for emergency obligation of funds during the pendency of the declared emergency;

f. The City Clerk shall accept electronic signatures, including scanned copies of hard-copy signature, on legal documents, including but not limited to contracts, property documents, ordinances, resolutions, etc., and shall attest to electronic signatures of the Mayor and City Manager or their designees, if submitted by the signatory through the signatory’s email;

g. Until the New Mexico Supreme Court lifts its injunction, landlords are prohibited from taking action towards evicting residential tenants who are unable to pay rent due to COVID-19. In addition, landlords are prohibited from evicting commercial tenants who are unable to pay rent on time because, due to the public health emergency, they have been prohibited from opening to the public. This order does not seek to change the obligation of a tenant to pay rent and strongly encourages discussions of payment plans between landlords and tenants;

h. Lodgers’ Tax payments shall continue on a monthly basis and payments previously delayed during the public health emergency shall be submitted during Fiscal Year 2021, along with future payments; at least one quarter of the delayed amount shall be paid by the end of each quarter of Fiscal Year 2021;

i. The moratorium on water shut-offs will continue, while charges will

continue to accrue and be owed;

j. In situations in which compliance with COVID-19 Safe Practices (CSPs) would result in higher per-person fees in City-owned recreation facilities, the associated fee shall be reduced proportionately to allow compliance without increased fees;

j. Unless a healthcare provider instructs otherwise or the State exempts a person from wearing a facial covering for a reason such as age, all individuals shall wear a mask or facial covering in public settings except when eating or drinking; as used here “public setting” means places that are open to the public;

k. Retail; restaurants and bars; office and call centers; grocery stores and farmers’ markets; youth club sports; youth programs; intercollegiate sports; professional sports; manufacturing, warehouse, and food production; hotels, resorts and lodging; golf courses; tour operators; houses of worship; farms, ranches and dairy producers and processors; veterinarians and animal care facilities; construction and field operations; automobile dealerships and services; salons, spas, tattoo parlors and related services; gyms; drive-in events; museums and cultural institutions; youth livestock shows; agritourism establishments; ski areas; recreational facilities; and entertainment venues; and medical providers and other industries shall comply with the State-issued CSPs to the extent applicable, which are accessible online: <https://cv.nmhealth.org/covid-safe-practices/>; and

l. Employers shall not retaliate against employees for seeking to comply with CSPs, advocating that their place of business follow CSPs, or reporting non-compliance with CSPs.

II. Further, based on the recommendations of the Centers for Disease Control, National Institutes of Health, and other governmental, medical, and public health experts, I advise residents and visitors to the City to take the following precautions in their day-to-day activities:
