**Buckman Road Recycling and Transfer Station**  
**BuRRT Wetland Liner Replacement**

CONTRACTOR NAME ENVIROWORKS, LLC  
ADDRESS 5 CINNAMON DRIVE, EDGEWOOD, NM 87015

To Santa Fe Solid Waste Management Agency, State of New Mexico (Owner):

The undersigned proposes to furnish and deliver all the material and to do all the work and labor required to construct "BuRRT Wetland Liner Replacement" at the Buckman Road Recycling and Transfer Station in County of Santa Fe, State of New Mexico, according to the Construction Plans and Specifications at the prices named and shown on the Bid Form.

The undersigned declares that the only person or parties interested in the bid as principals are those named herein; that the bid is made without collusion with any person, firm or corporation; that the specifications have been carefully examined, including General and Supplemental Conditions, if any, and that the undersigned has made a personal examination of the site of the work has been made, that all the necessary machinery, tools, apparatus and other means of construction will be furnished and will do all the work and finish all the materials specified in the manner and the time prescribed; that the undersigned understands that the quantities are approximate only and subject to increase or decrease and that the undersigned is willing to perform any increased or decreased quantities of work at the unit price bid.

The undersigned hereby agrees to execute and deliver the Contract Construction Agreement and required bonds within ten (10) days, or such further time as allowed in writing by the Owner after receiving notification of the acceptance of this bid, and it is hereby mutually understood and agreed that if we do not, we forfeit the accompanying check or bid bond to the Owner as liquidated damages, and the said Owner may proceed to award the Contract to others.

The undersigned hereby agrees to commence the Work within ten (10) days, or such further time as may be allowed in writing by the after notification to proceed, and to complete the Work within one hundred (100) calendar days, as outlined in the Contract Documents.

The undersigned proposes to furnish Labor and Material Payment Bond and Performance Bond in the amount of one hundred (100%) percent of the Contract Amount each as surety conditioned for the full complete and faithful performance of this contract, and to indemnify and save harmless the Owner from any damage or loss of which the Owner may become liable by the default of said Contractor, or for any neglect or carelessness on the part of said Contractor, its agents or employees, or by or on account of any act or omission of said Contractor, its servants, agents or employees, in performance of this contract.

**CERTIFICATION OF NON-SEGREGATED FACILITIES**

(Applicable to construction contracts and related subcontracts exceeding \$10,000 which are not exempt from the Equal Opportunity Clause).

The construction Contractor certifies that Contractor does not maintain or provide for its employees any segregated facilities at any of its establishments and does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The construction Contractor certifies further that Contractor will not maintain or provide for its employees any segregated facilities at any of its establishments, and that Contractor will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The construction Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause in this contract. As used in this certification, the term "segregated facilities" means any waiting room, work areas, restrooms and washrooms, restaurants and other eating areas, time clock, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreating or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color, or national origin, because of habit, local custom, or otherwise. The construction Contractor agrees that (except where Contractor has obtained identical certifications from proposed subcontractors for specific time periods) Contractor will obtain identical certifications from proposed SUBCONTRACTORS prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause and that Contractor will retain such certifications in its files.

**ADDENDUM No. 1**  
to  
**ITB No. '20/29/B**

**Date:** June 23, 2020  
**To:** All Interested Offerors  
**From:** Randall Kippenbrock, P.E., Executive Director   
**Re:** ITB No. '20/29/B – BuRRT Wetland Liner Replacement

The following clarifications and/or revisions to Invitation for Bid (ITB) No. '20/29/B are hereby made a part of the ITB documents for the above referenced bid as fully and as completely as though the same were included therein.

**Note:** This Addendum provides clarification to questions received. The date and time that bids are due has not changed.

**Question/Clarifications:**

1. **Question:** Will there be a tipping fee at the Caja Del Rio disposal site? If so, what is the per ton cost?

**Response:** The Contractor will not be charged a tipping fee at the Caja Del Rio disposal site. Notice is given that the Contractor is responsible for compliance with the provisions provided in the letter from the New Mexico Environment Department dated April 22, 2020, "Approval of Sludge Disposal Management Plan, Request for Reduced Sampling Frequency and Laboratory Analytical Results – Buckman Road Recycling and Transfer Station, Santa Fe, NM" provided in the Contract Documents.

2. **Question:** Is the HDPE double sided textured?

**Response:** Yes. The Contractor shall provide double-sided textured surface HDPE geomembrane.

3. **Question:** *What is the total liner that is needed for the project? ("Total liner needed – not specified. Are we going to calculate the amount of liner ourselves?")*

**Response:** The Engineer has provided the surface area of the ponds on Drawing C-2 of the project plans. The Contractor shall determine the total amount of liner needed to construct the project based on the pond surface area information provided on the drawings, the liner installation details, and any allowances determined by the Contractor for pipe penetrations, overlap, and contraction of the liner during cold weather.

4. **Question:** *How many pipe penetrations total?*

**Response:** There are four (4) pipe penetrations total.

5. **Question:** *Total depth of the ponds looks about 10-12'. Is that correct? To ensure we quote the amount of HDPE correctly if there are no totals provided by you folks.*

**Response:** The depth of the ponds presented in the bid documents were prepared with the best information available. The depth of the constructed wetlands and evaporation pond illustrated on Sheet No. C-4 of the Construction Drawings is approximately 8 and 12 feet, respectively.

This Addendum must be signed and returned with your bid. Failure to do so may cause your bid to be considered non-responsive.

*Receipt of Addendum No. 1 to ITB No. '20/29/B is hereby acknowledged*
