

Cummins Filtration Warranty

A Promise You Can Depend On

Protection from a Warranty that Ensures Peace of Mind

Heritage of Quality and Dependability

Throughout the company's long history of providing innovative technology and premium products, the Cummins Filtration Warranty has offered expert dependability beyond the sale. Our global warranty consistently exceeds customers' expectations for inclusive coverage throughout the recommended life of every Cummins Filtration and Fleetguard product. It is our solid promise to stand fully behind the products you buy, because every product we design, engineer and manufacture is produced using the highest quality standards in the industry. And unlike our competitors who offer to return your engine to the state "immediately prior to failure," our warranty is not pro-rated.

Global Dependability

All Cummins Filtration manufacturing plants ensure the same high standard of quality. No matter where our products are manufactured, or where they are sold, when customers purchase Cummins Filtration or Fleetguard products from any of our thousands of distribution outlets around the world, they are assured of buying the most dependable brand in the industry. Because we are committed to our global customers, the Cummins Filtration Warranty statement is available in 10 languages: Chinese, Dutch, English, French, German, Italian, Japanese, Korean, Portuguese and Spanish.

Coverage beyond the Competition

Providing customers the best warranty coverage in the industry is our ongoing promise that we want to be your supplier for life. Our non pro-rated warranty guarantees that we will always be there after the sale. If a Cummins Filtration product defect ever necessitates repair of the engine or components, the Cummins Filtration Warranty covers reimbursement of reasonable costs to repair or replace, whichever is less, the damaged engine or components.

We ensure that our Cummins Filtration Warranty goes beyond all other competitive warranties with the most dependable, premium coverage available anywhere in the world, including:

- Uncomplicated, simple Warranty statement
- Warranty in the language of choice
- Non pro-rated Warranty
- Industry-leading response time
- Global coverage for Fleetguard filtration, exhaust, acoustics, etc.
- 24-hour Customer Assistance

Fleetguard products ensure equipment performance and protection that meets or exceeds OE specifications. Rest assured your filtration system is covered with the Cummins Filtration non-prorated warranty.
