#### **FLEET VEHICLE, HEAVY-DUTY TRUCK AND TRAILER REPAIRS (PARTS AND LABOR)**

The Santa Fe Solid Waste Management Agency (Agency) is a public entity that is jointly owned by the City of Santa Fe and Santa Fe County under the terms of the New Mexico Joint Powers Agreements Act. The Agreement delegated the Agency to operate, construct, maintain, repair, replace or expand Caja del Rio Landfill and the Buckman Road Recycling and Transfer Station.

The Agency is requesting bids for parts and labor for repairs on fleet vehicles, heavy-duty trucks and trailers operated at the Landfill and BuRRT.

The Agency operates an array of fleet vehicles, heavy-duty trucks and trailers in support of its operations. Appendix A lists the units covered by the ITB. The Agency performs routine maintenance service on its fleet and conducts repairs as its resources allow.

This ITB seeks to establish a price agreement(s) with qualified vendors for parts and labor (repairs) beyond the capacity of the Agency's maintenance department.

Bidders are required to indicate on the Basic Qualification Standard sheet either "meets or exceeds specifications" or "does not meet specifications" by placing a check in the appropriate "YES" or "NO" column. Failure to indicate either "YES" or "NO" will be evaluated as "does not meet specifications".

Bidders must indicate the unit(s) in Appendix A they have the capacity to offer services for. Additional units may be added to the Agency's inventory in the future and shall be covered by the price agreement(s).

Bidders responding to this solicitation must meet basic qualification standards established in this ITB, and itemized below. Bidders must complete the questionnaire, attached to this ITB as Appendix B, to demonstrate their capacity to perform the services requested in this ITB.

EXCEPTIONS TO SPECIFICATIONS

Bidder must check one of the following:

- a. (  ) All specifications, terms and conditions are met.
- b. (  ) Exceptions have been taken and noted on attached sheet(s).

All variations and/or exceptions to the specifications must be documented, referencing applicable paragraph(s) and explained in detail. Attach as many pages as necessary. If no exceptions are noted, it will be assumed that the bid meets all specifications, terms, and conditions as stated in this complete bid package. Failure to list exceptions may disqualify bid. Delivery of non-conforming goods or services is at the expense of the Bidder, and/or other penalties.

All other specifications not detailed herein shall be as listed in the manufacturer's printed literature for the current standard model. Manufacturer's printed literature and specifications sheets shall be submitted with the bid.

Exceptions will not necessarily eliminate the bid. Agency staff shall determine acceptance or non-acceptance of exceptions. Unless otherwise noted and approved, it is assumed that delivery of the goods or services shall be as stated.

Signed submission of this bid represents that the Bidder has accepted all specifications, terms and conditions of the bid unless a written exception is made and, if awarded, the bid will represent the agreement between the parties. Additionally, by signing this bid, the Bidder warrants that there was no collusion of any kind in submission of this bid.
