

City of Santa Fe, New Mexico

memo

DATE: February 9, 2015

TO: Public Utilities Committee

VIA: Nick Schiavo, Public Utilities and Water Division Director *NSA*

FROM: Michael Moya, Transmission and Distribution Manager *mm*

ITEM: Request to purchase pavement roller and walk behind saw.

Background:

Transmission and Distribution is requesting a new Double Drum ride on roller for paving street cuts and the compaction the street cuts. It has been suggested by T & D staff new roller heavier roller is needed to compact most of the larger street cuts. Without the proper compaction of newly placed asphalt street cuts can fail creating dips or bumps in the cities roadways. The walk behind saw is used instead of jackhammer for street cuts. The jackhammer is a major cause of a lot of injuries due to vibration and weight of the tool. Purchasing a using a walk behind saw can eliminate prolong damage to employees strains and sprains to muscles and joints.

Recommended Action:

Please recommend and approve our request to purchase this equipment in the amount of \$42,182.95 in the Fiscal years budget of 14/15.

If you should have any questions, please contact me at ext. 4243. Your consideration is appreciated.
