### Section B. Summary

Briefly explain the purpose and major provisions of the bill/resolution:

The resolution is required by the NM Mortgage Finance Authority as part of the Housing Authority's application for Low Income Housing Tax Credits (LIHTC). It states the intention of the City to support the application by providing below market leasehold interest to the Housing Authority for the facilities that are sited on City-owned land but owned by the Housing Authority. The purpose of the application is to secure financing to make much-needed repairs and updates to the housing units.

### Section C. Fiscal Impact

**Note:** Financial information on this FIR does not directly translate into a City of Santa Fe budget increase. For a budget increase, the following are required:

- The item must be on the agenda at the Finance Committee and City Council as a "Request for Approval of a City of Santa Fe Budget Increase" with a definitive funding source (could be same item and same time as bill/resolution)
- Detailed budget information must be attached as to fund, business units, and line item, amounts, and explanations (similar to annual requests for budget)
- Detailed personnel forms must be attached as to range, salary, and benefit allocation and signed by Human Resource Department for each new position(s) requested (prorated for period to be employed by fiscal year)\*

#### **1. Projected Expenditures:**

- Indicate Fiscal Year(s) affected -- usually current fiscal year and following fiscal year (i.e., FY 03/04 and FY 04/05)
- Indicate: "A" if current budget and level of staffing will absorb the costs  
"N" if new, additional, or increased budget or staffing will be required
- Indicate: "R" -- if recurring annual costs  
"NR" if one-time, non-recurring costs, such as start-up, contract or equipment costs

Finance Director: \_\_\_\_\_

- d. Attach additional projection schedules if two years does not adequately project revenue and cost patterns  
e. Costs may be netted or shown as an offset if some cost savings are projected (explain in Section 3 Narrative)

### Section D. General Narrative

**1. Conflicts:** Does this proposed bill/resolution duplicate/conflict with/companion to/relate to any City code, approved ordinance or resolution, other adopted policies or proposed legislation? Include details of city adopted laws/ordinance/resolutions and dates. Summarize the relationships, conflicts or overlaps.

This proposed resolution does not conflict with any City code, approved ordinance or other legislation. Making affordable rental units more energy-efficient, comfortable and appropriate to meet the needs of very low-income renters is consistent with the City's policies of providing and supporting rental housing for very low income renters.

**2. Consequences of Not Enacting This Bill/Resolution:**

Are there consequences of not enacting this bill/resolution? If so, describe.

Without this resolution, the Housing Authority's application for LIHTC funding will be deemed incomplete and funding will not be provided. Additionally, the opportunity to leverage several million dollars of support for very-low income rental units in our community will be lost.

**3. Technical Issues:**

Are there incorrect citations of law, drafting errors or other problems? Are there any amendments that should be considered? Are there any other alternatives which should be considered? If so, describe.

No, the resolution is accurate as written, to the best of staff's knowledge.

**4. Community Impact:**

Briefly describe the major positive or negative effects the Bill/Resolution might have on the community including, but not limited to, businesses, neighborhoods, families, children and youth, social service providers and other institutions such as schools, churches, etc.

The units located at the Pasa Tiempo site (Alta Vista St) are reserved for the elderly, many of whom are very low income and/or frail. The residents also receive limited support services at the site, such as meals and some basic case management. The units are well over 40 years old and are not equipped with many modern amenities, including accessibility features and energy efficiency measures making them uncomfortable and somewhat inadequate, especially for those with mobility impairments. The LIHTC funding allows the Housing Authority to refinance the buildings and to undergo a full renovation to bring them up to modern building code and accessibility standards. Additionally, the Housing Authority is committed to achieving LEED Standard energy-efficiency performance levels, both to bring down the cost of operating the units, but also to enhance the physical comfort of its residents. Refinancing the units also helps to stabilize ongoing operating costs, rather than being subject to annual HUD budget cuts. The project also has the potential to leverage other private construction funds and will generate jobs and other construction-related economic benefits.
