4. Community Impact:

The citizens of Santa Fe benefit by improving biking conditions and that contributes to the health, safety, environmental, transportations and quality of life for its community members. By identifying and addressing barriers to riding bikes such as safe and adequate access to parking at main entrances, we are upholding this commitment to a complete streets approach. In addition, incorporating these types of measures into our code would likely increase our rankings with organizations such as the American Bicyclist League which in turn will help our economy. Also, this ordinance is in concurrence with the Mayor’s Challenge for Safer People and Safer Streets passed by council resolution and signed by Mayor Javier M. Gonzales on May 27th, 2015.
