

PUBLIC MEETING

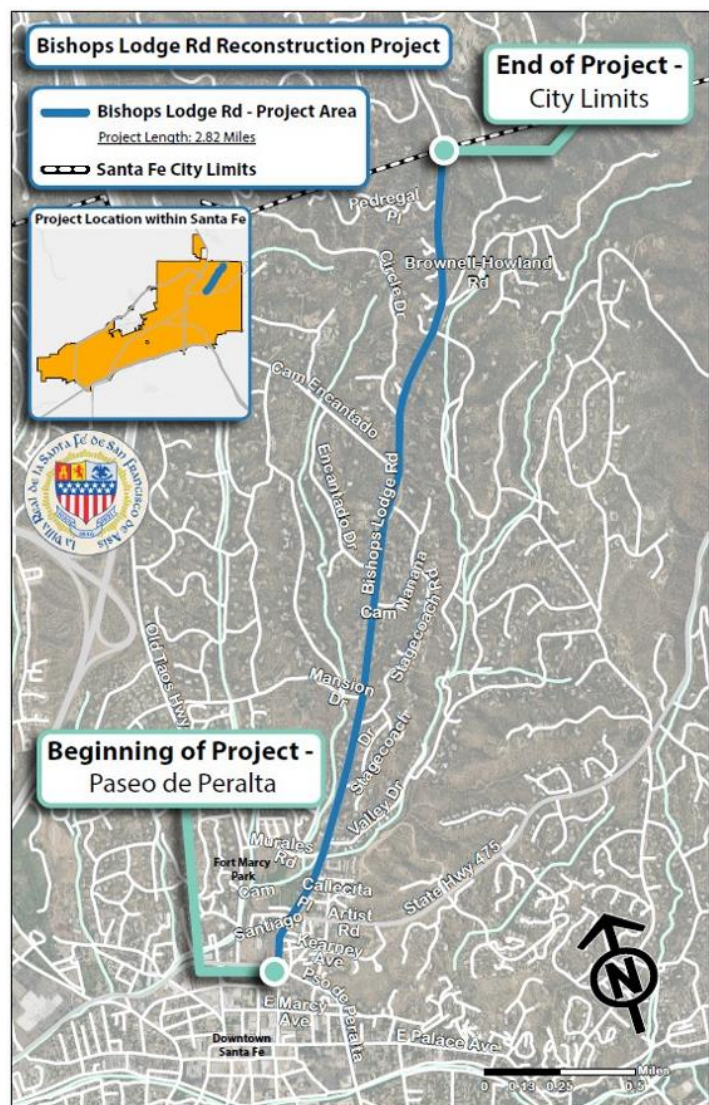

Bishops Lodge Road Reconstruction Project Paseo de Peralta north to the Santa Fe City Limits

WHAT: The City of Santa Fe is in the early stages of the design for the reconstruction of Bishop's Lodge Road between Paseo De Peralta and the city limits just north of the Pedregal Place intersection. The purpose of this reconstruction is to address speeding, vehicular and pedestrian safety concerns, and any existing drainage issues. This project is being designed by Wilson & Company – an engineering firm contracted by the City Public Works Department.

The City of Santa Fe requires an Early Neighborhood Notification (ENN) meeting be conducted for the city capital improvement projects. It is intended to provide opportunity for the community to review, comment, and provide feedback on the city's capital infrastructure projects before plans become too firm to respond meaningfully to community's concerns.

WHEN: Thursday, September 29, 2022
5:30pm to 7:30pm

WHERE: City of Santa Fe Convention Center at 201 W. Marcy Street in the O'Keefe, Milagro, Kearny rooms (rooms are combined to provide the appropriate area for public gathering).

WHO: Members of the public are invited to attend this meeting in person. If a person cannot attend the meeting the presentation materials will be made available on the City's website:

(Please see reverse side for further information)

ADDITIONAL INFORMATION: Public comments are a crucial part of obtaining valuable information from the community. In order to capture all comments/inquiries, public comments can be delivered via the following:

- During the meeting there will be a presentation by Wilson & Company that addresses public concerns and the current design status. This will be followed by a period of public comment. Attendees can, if they are so inclined, voice their comments during this time.
- A comment form will be provided at the meeting. This comment form will also be available on the City's website listed above for those who cannot attend in person.
- Via email to either doug.harned@NV5 or rsglorioso-moss@santafenm.gov.
- Via QR code on your phone or other mobile device. This QR code will be provided on the comment form.

Attached please find the public meeting overview which contains a vicinity map of the project site. The presentation materials for the meeting will be uploaded at least (3) days prior to the meeting at the City of Santa Fe's Calendar of Events website (<https://www.santafenm.gov/events>). If you have any questions or comments, please contact Romella Glorioso-Moss via email at rsglorioso-moss@santafenm.gov or by phone at (505) 955-6623.
