It's our SANTA FE

The past two years have not been easy. We've navigated the change, turmoil and uncertainty caused by COVID-19. All of the challenges we faced in our community before the pandemic are still present, and many have been amplified by the changes in our lives and habits brought about by living with this virus: Litter. Graffiti. Increased waste brought by on-line consumption. Add that to huge concerns like Climate Change and it's easy to get overwhelmed and feel as though one person, one family, can't make a difference. But the truth is that even the smallest actions add up to something bigger. To help inspire you, we've dedicated the 2022 calendar to answering the question of "What makes a difference for Santa Fe right here, right now?"

As you flip through the months, we challenge you to apply what you can to your life here in the City Different – to take action, however and whenever you can, to ensure our community is a beautiful and sustainable place to live. If all 32,000 Santa Fe households who receive this calendar made just one or two small changes to their lifestyle, imagine the impact we will make in our City!

So, don't wait for the perfect moment, or for someone else to lead the way. Check on your neighbor. Pick up a few pieces of litter on your way into the store. Plant some flowers for the bees. Make a difference in your community today – ***after all, it's our Santa Fe.***
