DEVELOPMENT REVIEW PROCESS

PRE-APPLICATION PHASE

For many applications, the development review process begins with a pre-application conference, where the applicant presents their proposal to the City's Development Review Team (DRT) for initial review and feedback. If the applicant wishes to proceed, a city planner is assigned to assist the applicant through the remaining steps of the process. For administratively reviewed applications, a pre-application conference is usually not required.

For all applications requiring a hearing before a land use board, the applicant shall schedule, notice and host an early neighborhood notification (ENN) meeting in coordination with the city planner. The intent of the ENN is to provide for an exchange of information among the applicant, residents, and property owners, prior to application submittal. ENN notification requirements are set forth in [SFCC §14-3.1\(H\)](#). Applications that qualify for administrative review and some variances are not required to conduct an ENN meeting.

DEVELOPMENT REVIEW PHASE

Once an application and all required submittals are prepared by the applicant, they or their agent submits the Application to the City via planning@santafenm.gov. The applicant will receive an email confirming receipt of the application, and an invoice for applicable development fees which can be paid online or at the cashier's office at City Hall. The city planner and the DRT review the application for completeness and compliance with all applicable codes, ordinances, plans and regulations. During the review process, the city planner or members of the DRT may request additional information or amendments from the applicant to complete the review process. The review timeline can range for 9-12 weeks or more depending on the complexity of the application and the total number of cases under review.

PUBLIC HEARING PHASE

When the City determines that the application is complete, the case is scheduled for a public hearing before the applicable Land Use Board. Notification requirements for public hearings are set forth in [SFCC §14-3.1\(H\)](#). If the application is approved at the public hearing, the city planner will prepare the findings of fact and conclusions of law (FOFCOL) documenting the approval findings, any conditions of approval and an expiration date for the approval, as required.

POST APPROVAL PHASE

When the applicant has met all necessary conditions of approval and technical corrections, the plan or plat is recorded at the County Clerk's office and filed with the City's plat room. The case planner prepares an action letter detailing the approval record. The applicant may then proceed to building permitting and construction.

If you have questions about the requirements please contact your assigned case planner or planning@santafenm.gov.

LAND DEVELOPMENT CODE REFERENCE

EARLY NEIGHBORHOOD NOTIFICATION PROCEDURES (SECTION 14-3.1(F)SFCC)

Intent: The early neighborhood notification meeting (ENN) is intended to provide for an exchange of information between the applicant and residents and property owners in affected neighborhoods before plans become too firm to respond meaningfully to community input and before changes in plans might cause major financial losses by the applicant.

Applicability: Generally, an ENN is required for all projects heard before a land use board or the governing body.

ENN Scheduling; Notice Required: ENN's shall be scheduled in coordination with city staff, prior to issuing notice. The applicant is responsible for providing notice of the ENN in accordance with Subsection 14-3.1(H).

The applicant presents schematic or preliminary plans for the proposed project and a drawing or other graphical representation suitable to reasonably indicate streets and structures within a two hundred (200) foot radius from the perimeter of the property that is the subject of the application. Following the presentation the community is invited to ask questions, provide feedback and comments on the proposal.
