### Information about the City of Santa Fe Americans with Disabilities Act

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Santa Fe will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

**Santa Fe Trails Transit shall:**

Make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability or to provide program accessibility to their services, subject to the limitations.

Make communications and information available, through providing auxiliary aids and services, such as using accessible formats and technology (e.g., Braille, large print, TDDs) to obtain information about transportation services.

In choosing among alternatives for meeting nondiscrimination and accessibility requirements with respect to new, altered, or existing facilities, or designated or specified transportation services, public and private entities shall give priority to those methods that offer services, programs, and activities to qualified individuals with disabilities in the most integrated setting appropriate to the needs of individuals with disabilities.

It is not discrimination to refuse to provide service to an individual with disabilities because that individual engages in violent, seriously disruptive, or illegal conduct, or represents a direct threat to the health or safety of others. However, Santa Fe Trails will not refuse to provide service to an individual with disabilities solely because the individual's disability results in appearance or involuntary behavior that may offend, annoy, or inconvenience employees of the entity or other persons.
