

Fall Tree Planting Event

Hosted by the City of Santa Fe & PNM

Friday, October 20, 2023 | 10AM

[Herb Martinez Park](#) – 914 Camino Carlos Rey, Santa Fe, NM 87507

Join Us to Celebrate Trees!

The City of Santa Fe & PNM will be planting trees to replace those removed during the Herb Martinez tennis court renovations. Staff will be on hand to discuss safe tree planting and general tree care information.

Planting for the Future

Two species of tree are being planted; New Mexico Privet and Texas Red Oak.

- Privet is native to New Mexico and is drought resistant.
- Texas Red Oak will help diversify tree species in Santa Fe.

Thank you to PNM for providing trees for planting!
