I. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of the Request for Proposal (RFP) is to solicit sealed proposals to establish a Professional Services Contract through competitive negotiations for the procurement of On-call Engineering Services with emphasis on Water Resources Management and Planning. The City of Santa Fe Water Division requires on-call engineering services for wide-ranging issues that require broad areas of expertise. As water resources management and planning cannot always be managed and maintained in-house, the City seeks an on-call engineering firm experienced with these specific areas and capable of providing these and a variety of other engineering services as required.

B. BACKGROUND INFORMATION

The City of Santa Fe (the “City”) Water Division’s mission is to provide a safe, reliable, and resilient water supply to meet Santa Fe’s needs. The City manages four (4) sources of water supply derived from surface water (Santa Fe River and Rio Grande via the Buckman Direct Diversion [BDD]) and groundwater (City and Buckman well fields) sources. Details on the City’s water supply portfolio, production records, future projected demands, and framework of its distribution system are presented in the Water Transmission and Storage System Master Plan (2009), Long-Range Water Supply Plan (2008), Santa Fe Basin Study (2015), and Annual Water Report (2019). These reports are available on the City of Santa Fe Water website at https://www.santafenm.gov/water_resources_1.

C. SCOPE OF PROCUREMENT

The Engineering Firm shall perform professional engineering services on an as-needed basis as directed by the City’s representative. The Engineering Firm shall have demonstrated expertise and experience in the areas of water supply; water resource management; planning and permitting; modeling; water quality; water distribution and storage; water system improvements; wastewater; design and construction; well field operations; and construction management.

Services will also include field reconnaissance and design surveys; collecting field and other related data; permitting support; well field and watershed reconnaissance and design surveys; collecting field and other related data; developing detailed construction costs estimates; construction management and engineering services during construction; hydraulic or other modeling; preparing technical specifications; studies; reports; preliminary and final designs with bid documents; and bid period related services, as authorized by the City for a variety of utility work assignments. Additionally, services may consist of third-party evaluations, or other elements of water and wastewater engineering.

This procurement will result in one contract between the City of Santa Fe and the awardee the procurement may ONLY be used by those parties exclusively.

The contract term will be four (4) years.

Only information supplied in writing by the Central Purchasing Office and the Procurement Manager or contained in this RFP shall be used as the basis for the preparation of Offeror proposals.

15. Contract Terms and Conditions

The contract between the Department and a contractor will follow the format specified by The City and contain the terms and conditions set forth in the Draft Contract Appendix H. However, the contracting Department reserves the right to negotiate provisions in addition to those contained in this RFP Draft Contract with any Offeror. The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of any resultant contract.

The City discourages exceptions from the contract terms and conditions as set forth in the RFP Draft Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of The City (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Draft Contract (APPENDIX H) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The City may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Draft Contract are not acceptable to The City and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with The City. See Section II.C.15 for requirements.

17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between The City and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

18. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a Responsive Offer as defined in §13-1-83 and §13-1-85, NMSA 1978.

19. Right to Waive Minor Irregularities

The Evaluation Committee, upon approval from the Chief Procurement Officer, reserves the right to waive minor irregularities, as defined in Section I.F.22. The Evaluation Committee also reserves the right to waive mandatory requirements, provided that **all** of the otherwise responsive proposals failed to meet the same mandatory requirements and the failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

20. Change in Contractor Representatives

The City reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of The City, adequately meeting the needs of The City.

21. Notice of Penalties

The Procurement Code, §§13-1-28 through 13-1-199, NMSA 1978, imposes civil, and misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

22. Department Rights

The Department in agreement with the Evaluation Committee reserves the right to accept all or a portion of a potential Offeror's proposal.

23. Right to Publish

Throughout the duration of this procurement process and contract term, Offerors and contractors must secure from The City written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement and/or City contracts deriving from this procurement. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or removal from the contract.

24. Ownership of Proposals

All documents submitted in response to the RFP shall become property of The City. If the RFP is cancelled, all responses received shall be destroyed by the Central Purchasing Office unless the Offeror either picks up, or arranges for pick-up, the materials within three (3) business days of notification of the cancellation. Offeror is responsible for all costs involved in return mailing/shipping of proposals.

25. Confidentiality

Any confidential information provided to, or developed by, the contractor in the performance of the contract resulting from this RFP shall be kept confidential and shall not be made available to any individual or organization by the contractor without the prior written approval of The City.

The Contractor(s) agrees to protect the confidentiality of all confidential information and not to publish or disclose such information to any third party without The City's written permission.

26. Electronic Mail Address Required

A large part of the communication regarding this procurement will be conducted by electronic mail (e-mail). Offeror must have a valid e-mail address to receive this correspondence. (See also Section II.B.5, Response to Written Questions).

27. Use of Electronic Versions of this RFP

This RFP is being made available by electronic means. In the event of conflict between a version of the RFP in the Offeror's possession and the version maintained by the Central Purchasing Office, the Offeror acknowledges that the version maintained by the Central Purchasing Office shall govern. Please refer to: https://www.santafenm.gov/bids_rfps

29. Letter of Transmittal

Offeror's proposal must be accompanied by an **unaltered** Letter of Transmittal Form (APPENDIX C), which must be **completed** and **signed** by the individual authorized to contractually obligate the company, identified in #2 below. **DO NOT LEAVE ANY OF THE ITEMS ON THE FORM BLANK** (N/A, None, Does not apply, etc. are acceptable responses).

2. Identify the Name, Title, Telephone, and E-mail address of the person authorized by the Offeror's organization to (A) contractually obligate the business entity providing the Offer, (B) negotiate a contract on behalf of the organization; and/or (C) provide clarifications or answer questions regarding the Offeror's proposal content (*A response to B and/or C is only required if the responses differ from the individual identified in A*);
3. Identify sub-contractors, if any, anticipated to be utilized in the performance of any resultant contract award;
