**BID INFORMATION:**

“Tax” The bid prices for this ITB shall **not** include New Mexico gross receipts tax or local option tax(es).

“Hourly Rate” means the proposed fully loaded maximum hourly rates that include fringe benefits and any overhead costs for contractor personnel, as well as subcontractor personnel, if appropriate. The Hourly Rate does not include mileage, per diem or lodging.

“Offeror” shall reference all work positions associated with this project, and each position’s firm, fixed hourly rate. This hourly rate does not include billable reimbursable rates for mileage, meals or lodging. The State of New Mexico, at its discretion, may negotiate lower rates on a project by project basis, with the awarded Contractor.

Hourly rates are requested for the three (3) levels of personnel. *All items for pricing must be filled in.* If one of the personnel listed is not relevant to your company, fill in a rate for a comparable employee that is on staff or could be on staff at a future time. For example, if the Superintendent also functions as the Journeyman or Experienced worker or vice versa, enter his rate for both items. Any blank items will cause a possible rejection of the bid for non-compliance.

**Labor Rates:**

1. Superintendent: a person with supervisory experience who maintains control of the work and work site. This person may or may not actually perform work on the project.
2. Journeyman or Experienced Worker: a person licensed by the State of New Mexico as a journeyman in the specialized field of work required and being performed or a person with many years of experience with a high rate of pay.
3. Laborer: a person with minimal experience, performing minor forms of labor.

**Hours Worked:**

Regular Hours: Monday through Friday and 8 am through 5 pm.

After Hours: All hours not within the days and times listed for “Regular Hours”.

Holidays: Holidays will be considered “After Hours” and paid at “After Hours” rates.

**The State of New Mexico reserves the right to award this Price Agreement to multiple vendors. Bidders must include pricing for ALL items in order to allow for accurate comparisons. If a Bidder fails to include one or more of those items, his Bid may be rejected.**

Bids for these services are requested on a statewide basis. The intent in the bid evaluation is to add up all of the items from Items 1 through 16 in order to determine the low bidders.

Sam:

Thank you for calling that out! We have had multiple conversations recently and I'd like to propose a change in our approach. I will classify this as "construction" since it aligns with neither a general nor professional category but squarely fits within the Procurement Code's definition of construction (added below for context). Although I've relied upon the attached document (for consistency's sake), which was provided by New Mexico State Purchasing, it seems prudent to deviate from that list. This decision is based on both statutory requirements and our Procurement Manual, which explicitly designate construction as a distinct classification.

Moving forward, for all construction projects that meet the definition, there is no need to seek a determination from me. Instead, you may have an internal CPO include a statement indicating that the project falls under NMSA 1978, Section 13-1-40.

Here is the definition from the Procurement Code:

### **13-1-40. Definition; construction.**

A. "Construction" means **building, altering, repairing, installing or demolishing** in the ordinary course of business any:

- (1) road, highway, bridge, parking area or related project;
- (2) building, stadium or other structure;
- (3) airport, subway or similar facility;
- (4) park, trail, athletic field, golf course or similar facility;
- (5) dam, reservoir, canal, ditch or similar facility;
- (6) sewage or water treatment facility, power generating plant, pump station, natural gas compressing station or similar facility;
- (7) sewage, water, gas or other pipeline;
- (8) transmission line;
- (9) radio, television or other tower;
- (10) water, oil or other storage tank;
- (11) shaft, tunnel or other mining appurtenance;
- (12) electrical wiring, plumbing or plumbing fixture, gas piping, gas appliances or water conditioners;
- (13) air conditioning conduit, heating or other similar mechanical work; or
- (14) similar work, structures or installations.

B. "Construction" shall also include:

- (1) leveling or clearing land;
- (2) excavating earth;
- (3) drilling wells of any type, including seismographic shot holes or core drilling; and
- (4) similar work, structures or installations.

**History:** Laws 1984, ch. 65, § 13.

Thank you.
