#### **BACKGROUND AND SUMMARY:**

The City currently handles most procurement through individual department contracts on a piecemeal basis. Establishing citywide master contracts will enable end users across departments to efficiently obtain needed services and products simply by processing purchase orders with pre-vetted vendors.

To start building out this citywide contracting model, this contract focuses on public safety, emergency preparedness, safety equipment, and associated solutions. These are critical areas that impact all City departments. Numerous vendor solutions exist that can meet overarching safety needs in a coordinated fashion.

This contract includes an administrative fee to provide expanded bandwidth for the Purchasing Division. Currently, just 3 staff members, 1 contractor, and the CPO handle all City procurement processes and requirements.
