RE: City of Santa Fe's American Rescue Plan Act (ARPA) Grant Allocation
DATE: April 22, 2022

Item and Issue:

Request for Approval of an FY22 Budget Adjustment Resolution (BAR) in amount of \$15,049,631 for the American Rescue Plan Act (ARPA) grant.

Description:

The federal American Rescue Plan Act (ARPA) established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund, which together make up the Coronavirus State and Local Fiscal Recovery Funds ("SLFRF") program. This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

The City of Santa Fe's plan to deploy the \$15,049,631 in ARPA grant funding allocated by the U.S. Department of Treasury is to guide resources to families, job seekers, non-profits and businesses in Santa Fe in order to build a strong, resilient, and equitable recovery. For Santa Fe, the funding provided with the federal ARPA will be transformational in addressing the social and economic challenges exacerbated during the pandemic. The ARPA projects described below are consistent with the ARPA requirements and the funds must be spent by the end of calendar year 2024.

The City of Santa Fe will be one of hundreds of American municipalities receiving funds from the ARPA. To expend these funds in an equitable, just, and community-driven fashion, the City of Santa Fe commissioned a community engagement data collection effort to better understand the needs of Santa Fe residents. Respondents were asked to indicate the categories of City services that they felt should receive the most attention as the City determined the allocation of ARPA funding over the course of the next three years. Community Health and Safety, Children and Youth Support Services, and Economic Health were the three areas that respondents felt needed the most funding allocation.

CITY OF SANTA FE - ARPA PROJECTS BY INVESTMENT PRIORITY

The City's plan allocates almost half of the City's ARPA funds, or \$6.9 million, or 45.9% to address the community health and safety including expanding guaranteed income programs, support for community mental health, piloting a community cash assistance program, providing solutions for unsheltered homelessness, continuing operations of the Midtown Emergency Homeless Shelter, providing additional support for affordable housing, assistance for vulnerable populations in Santa Fe; COVID-19 safe retrofits for City facilities, and continued purchases of personal protective equipment to mitigate the spread of COVID-19.

The City's plan allocates \$4.3 million, or 28.6%, to Economic Health including support for small businesses, job training programs, and direct support to non-profits. The City's plan allocates \$1.15, or 7.6%, to Children and Youth Support services including expanding childcare capacity and the creation of a college and career youth work corps. The City will allocate \$1.7 million, or 11.3%, to fund public infrastructure investments including, public Wi-Fi and parks and trails improvements.

The City will use 6.6%, or just under \$1 million, to fund administrative expenses in managing the \$15 million grant. The City Attorney's Office has reviewed these expenditures and determined that they are legally permissible for projects that apply the federal rule's limitations and reporting requirements. Below is summary of the proposed projects broken out by investment priority. Descriptions on each of the projects follows.

Project Title: Affordable Housing Support - Lamplighter Inn Conversion

U.S. Department of Treasury Expenditure Category: 2.16 Long-term Housing Security: Services for Unhoused Persons

Funding Amount: \$2,000,000

Department: Affordable Housing **Department Contact:** Alexandra Ladd

Proposal Description:

Funds will be used to offset purchase costs and predevelopment costs for purchase/conversion of the Lamplighter Inn (2405 Cerrillos Rd) into permanent affordable rental housing, with 25% of units set aside for "special needs" renters. Public health outcomes are directly improved by housing vulnerable people and providing necessary health care and social services. Purchasing this property enables the long-term implementation of a supportive housing model that the City piloted through its operations at the Midtown Property (formerly Santa Fe University of Art and Design) and further supported at the Santa Fe Suites. This project ensures that people currently housed during the pandemic will have a longer-term housing option when the City's Midtown Shelter is phased out. High wait lists at the Midtown Emergency Homeless Shelter and Santa Fe Suites indicate continuing demand for deeply affordable rental housing, in addition to opportunities for workforce renters priced out of Santa Fe's market.

Proposal Start Date: 5/2022

Proposal End Date: 12/2024

Performance Metrics:

- # of ""special needs"" renters housed at property - # of tenant-based voucher holders housed at property
- duration of occupancy (longer terms means higher rate of stabilization for ""special needs"" renters)
- # of workforce renters able to ""move up"" to market rate rental or homeownership after stabilizing financial situation because living at project eases housing cost burden

What City of Santa Fe constituents will be affected by this initiative/project?

This project will make available affordable workforce rental units as well as deeply affordable supportive units for special needs renters.
