23. Indemnification.

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor

resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

(Do not use actual annual cost, sample only)

2. **Sales Plan and Program Administration.** Offeror must provide a detailed narrative on how they plan to accomplish this component. This component will identify each agency's sales plan, sales drivers, follow-up and proposed incentives for businesses to do bus advertising and the materials used in this work.
3. **Creativity and Content.** Offeror must provide a detailed narrative on how they plan to accomplish this component. This component will measure each agency's campaign with regard to competitive advantage achieved through creative ideas and content. Provide examples of advertising design on bus wraps (full and partial), bus billboards, interior ads, and shelters. The information presented in the proposal is an indication of what may be expected from each agency. Note: Although ideas may be very creative, they may not be suitable for mass transportation advertising or in keeping with the City of Santa Fe's advertising policy (Appendix I).

Evaluation Factors:

Points will be awarded based on the quality, organization and effectiveness of communication of the information presented, as well as the professionalism of the presenters and technical knowledge of the proposed staff. Prior to Oral Presentation, Agency will provide the Offeror a presentation agenda. (If no Oral Presentations are held all Offerors will receive the maximum amount of total points for this Evaluation Factor).

Lamar Transit LLC

The Evaluation Committee awarded Lamar Transit, LLC 236.66 points based on the Offeror's response. Offeror provided a ledger to show that they set, meet, and sometimes exceeded their sale guarantees. They described their extensive experience in designing, producing, and installing bus wraps as well as their quality to include their safety, training, inventory management. Their creativity and content however, was very sparse. They have an innovation department which will help kick start conversations about innovations and applied technology that will help attract new advertisers, upselling, increase sales, and enhance rider experiences. Lamar provides their transit partners with monthly sales reports that detail all billing accounts displayed on Transit assets, including gross space billings and revenue share overages. It is also important to note that Lamar calculates revenue share payments to their transit partners based on invoiced, not collected, billings. They do not reduce these reported totals for any bad debt incurred or any failure to collect payments from advertisers. Because they pre-screen each new contract to evaluate credit risk, Lamar maintains a very low rate of uncollectible business.

Evaluation Factors:
